Woman Dies After Several Stab Wounds

by MARK BENNO

An Antioch Twp. woman was stabbed to death early Sunday morning. The incident took place at 3:50 a.m. on Oct. 12 at the victim's home at 41432 N. Rte. 83, Antioch Twp.

The victim, Debra Nicholas, 27, received several stab wounds in her body, including one in her heart.

The assailant, Dennis Earnest, also 27, of 1152 Aberdeen St., Mundelein, has been charged with voluntary manslaughter according to Lake County Sheriff's police.

Earnest, described by police as being Nicholas' boyfriend, fled the scene at the victim's home and ran to Lyons-Ryan Ford in Antioch. Once there he spent the night in an unlocked vehicle on the car dealership's premises.

According to Lake County police, Earnest asked an employee at Lyons-Ryan to phone his mother in Mundelein. He asked the employee to tell his mother he needed a ride home. Two Lake County detectives were waiting at the Mundelein home, and when the call was received they notified an Antioch squad car to proceed to Lyons-Ryan to apprehend Earnest.

Police said that the squad car arrived at Lyons-Ryan shortly thereafter and that Earnest turned himself in without a struggle.

Earnest is in custody at the Lake County jail, and a \$70,000 bond has been set for his release. Police have charged the Mundelein resident with voluntary manslaughter.

Investigator Willie Smith is handling the case for the Lake County Sheriff's Dept. No court date has yet been set.

Fire Dept. Teaches Safety

The members of the Fire Prevention Bureau of the Antioch Fire Dept. conducted several programs for elementary grade schools, pre-schoolers, high school students and senior citizens during the week of Oct. 8 through 11. These programs included the ongoing life safety presentations by Assist. Chief Wayne Parthun to all freshman health classes at Antioch High School, and a new program for elementary students in the fire station.

The new program for the younger students consisted of those students visiting and analyzing a "House of Hazards," a scaled-down model of a kitchen and bathroom filled with examples of common household fire hazards. The bureau also provided tours and films at the fire station. Over 1200 elementary school students, and 180 high school students, participated in the program.

The house of hazards was the brainstorm of Investigator Gary Quedenfeld. He

ACHS Teachers, Board To Negotiate Package

by MARK BENNO

"We can only go in there with optimism to negotiate. We can't control the board." Those were the sentiments of Ted DeRouse, president of the Antioch Teacher's Assn. At press time, the teachers and the Antioch Community High School Board were meeting to negotiate the terms over which both sides have been struggling.

Five issues stand between the teachers and

a final acceptance of the board's proposed package. The first of these issues involves the release of Allendale teachers at 2:35 p.m. on Wednesdays when the teachers meet at ACHS.

The release of these teachers is the only issue of the five slated for binding arbitration. The teachers have gone through the legal grievance procedure, which means

Schroeder Takes Sole Ownership Of Lakeland

by CHARLES JOHNSTON
Managing Editor

William H. Schroeder, editor and publisher of the Lakeland Group of Newspapers, acquired sole ownership of the newspaper group through a stock purchase from Harold Kirchhardt on Thursday, Oct. 9.

Schroeder founded Lakeland Newspapers in 1956 with his late father, M. R. Schroeder. With 11 local and two military papers, Lakeland is one of the largest family-owned newspaper groups in the state.

Saying that he looks forward to an exciting new era for the newspaper group, Schroeder announced extensive changes designed to strengthen the company's position.

"We will include more local news coverage of the entire Lakeland area and add livelier features. We are expanding our popular TV pullout section," he said. "We will be expanding the staff on the news side and will offer innovative marketing techniques for our

ACHS Homecoming '86 Friday, Saturday!

Antioch Community High School's 1986 Homecoming celebration will start with a pep rally and Homecoming show from 7:30 to 11 p.m., on Friday, Oct. 17, in the North Gym.

At 10 a.m., on Saturday, Oct. 18, the Homecoming parade will start in the high school parking lot and then the two Homecoming football games against Stevenson High School will take place at noon (jv) and 2 p.m., varsity.

The celebration will culminate with a Homecoming dance to be held from 8 to 11 p.m. in the South Gym, with the coronation of 1986's Homecoming king and queen scheduled to take place at 10 p.m.

The three-and-one-half hour Homecoming show is slated to include a formal presentation of the 1986 Sequoit football teams, coaches and cheerleaders, performances by the Sequoit Marching Band and the high school's award winning pom pon squad.

One of the high points of the evening will be entertainment by "Decades", a show band

contracted by the student council. "Decades" is an up-to-date show band that promises entertainment for all ages.

The high school Commons is set to be used for a parent and alumni social mixer on both Friday and Saturday.

A \$3 ticket purchase is the one and only way to gain entrance to these festivities. Pre-sale ticket prices will be \$3 for adults and children under 12, \$2. Tickets bought at the door will be \$5 for everybody.

These tickets to be sold will be available at the school office and also in the Commons, by student council members.

A schedule of float building times has been released. The float building will commence at 4 p.m., on Thursday, Oct. 16, from 4 to 9:30 p.m., and on Friday, Oct. 17, from 8 a.m. to 10:30 p.m.

The construction sites will be selected and revealed to those students who will be doing the building of the floats.

local advertisers on the business side."

Schroeder succeeded his father, Marshall, as publisher of Lakeland in 1972. He has held that position since and has spent his entire lifetime in the news business.

"We have a very capable, dedicated staff to take the papers into the new era," he continued. "Part of our new look includes some personnel changes. I have appointed Charles Johnston, a lifelong resident of Lake County, as managing editor of Lakeland Newspapers. William M. Schroeder, the third generation of Schroeders in the news business, has taken over immediately as general sales manager.

"We will be more responsive to the needs of the communities we serve," he continued.

"Restoring the newspaper to the Schroeder family is in the finest tradition of family-owned newspapers throughout our country's history."

Schroeder noted that many of the local papers in the Lakeland Group have a long history. The Antioch News-Reporter is celebrating its 100th year this year and the Wauconda Leader will do the same in two years.

"We have covered this area through many eras over the last hundred years," Schroeder said, "but the golden era of Lakeland Newspapers is just beginning."

First National Bank To Offer Flood Loans

First National Bank of Antioch has announced a loan program designed to provide immediate financing for flood repairs.

Marvin Oldenburger, Senior Vice President, said, "A flood victim can apply for a second mortgage, based on the equity in his or her home. First National Bank of Antioch is offering these loans for up to six months at a rate of 7 and one half percent. Up to \$10,000 per loan is to be made available to qualified homeowners, with repayment

expected to come from Federal Disaster Relief Funds.

"If federal funds are not made available, the bank will provide a conventional home improvement loan, to repay the initial six month loan."

Oldenburger indicated that, "First National Bank of Antioch anticipates approval of loans in two days and distribution of funds in 14 days."

Rotary Club Provides New Smoke Detectors

The members of the Antioch Rotary Club are once again supporting the efforts of the Antioch Fire Department's Fire Prevention Bureau. This support comes in the form of batteries for smoke detectors. Last October, the Antioch Rotary Club subsidized the purchase of smoke detectors. This year they will provide new batteries for those smoke detectors.

Those who purchased one or more detectors last year, and who need to replace the battery, may go to the Antioch Fire Station at 835 Holbek Dr. on any Tuesday, Wednesday, or Thursday between 9 a.m. and

4 p.m. during the month of October. The fire department secretary will distribute forms which, when filled out, will be redeemed for a battery at the Antioch True Value Hardware store on Main St.

The 1985 smoke detector program was quite successful, with 450 detectors sold. Dick Paddock, President of the Antioch Rotary, felt that the continuance of this life saving program was important enough to provide new batteries. Smoke detectors are also available at the station for \$7.25 each.

October is Fire Prevention month and a time when all residents of the area should be extra conscious of fire safety.

Women Of Moose Hold October Christmas Party

Christmas in October was the main theme of the Antioch Chapter of Women of the Moose meeting Oct. 2. Christmas carols were played by musician Louise Imburgia at the piano and decorations were evident in the meeting room. Mooseheart chairman Marilyn Warden presented her program with the donation of three checks to be sent to Mooseheart headquarters for the children's Christmas parties, Christmas photo cards and scholarship funds.

A young girl's sweater and matching necklace was shown to the Chapter to be sent on behalf of the committee as their special gift. After introduction of her committee, Warden told of her committee project—a

card party scheduled for March 28 at the Moose home.

Moosehaven chairman Ruth Gussarson also presented a man's shirt to be sent to Moosehaven in Orange park, Fla., the home of the golden agers. Similar checks were donated by her committee for the Christmas funds.

The enrollment of one new member was held in Warden's honor. A game planned by chairman Warden followed the closing as well as gift-giving by the 28 members attending for the young at Mooseheart and the "ever-young" at Moosehaven.

Appoint Johnston Managing Editor

Publisher William H. Schroeder announced that Charles Johnston has been appointed managing editor of Lakeland Newspapers.

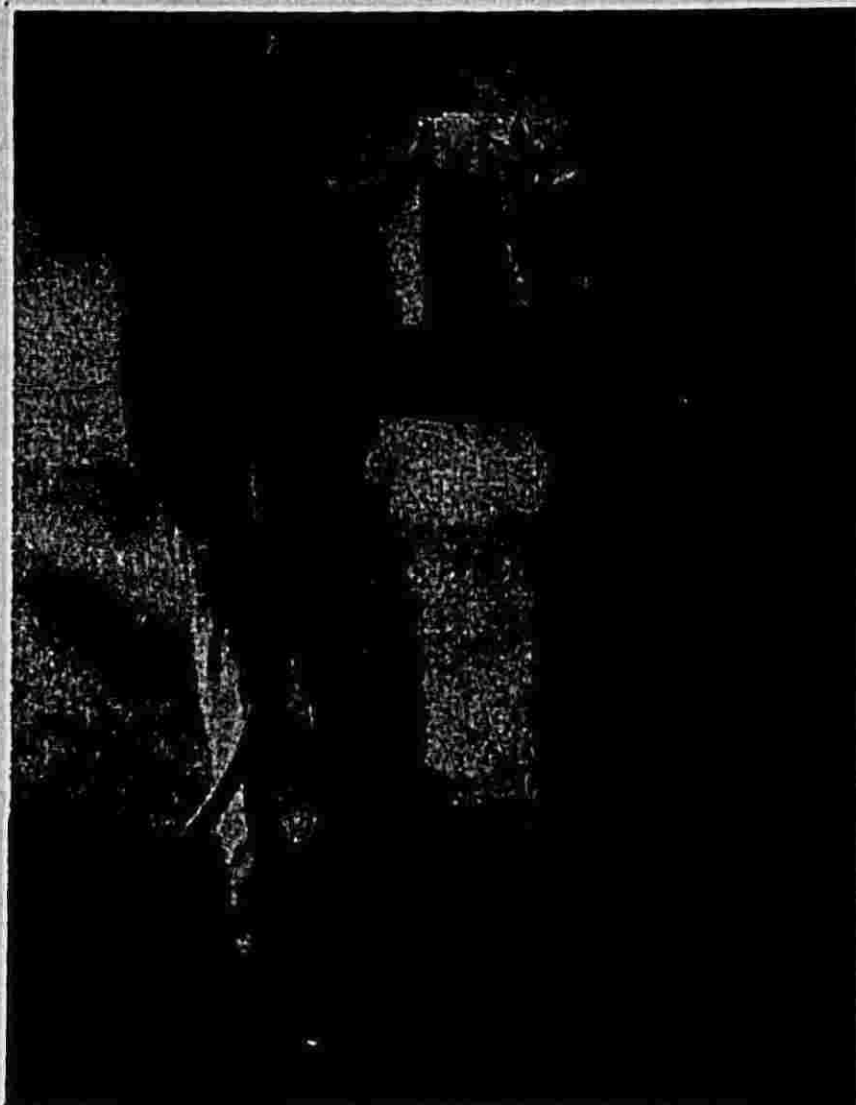

Charles Johnston

Johnston has been with the company since July, 1985. He has been the editor of the Antioch and Fox Lake newspapers since April, 1986. Prior to that he served as an advertising representative. He has written the popular "Rover" column for the Round Lake News since March, 1984.

"I am delighted with my new responsibilities," Johnston said. "In the next few months I will be working with our staff to strengthen our local and regional coverage of Lake County. This is an exciting area that always has a lot of things going on."

Schroeder said, "Charlie's background before he came into the newspaper business was in management. Between that and his instincts for news, we think he will be quite an asset to the paper."

Stairway To The Top

Jack McLean of Wauconda displays his sculpture of oak, bronze and elk horn titled "Mortal Purse." The sculpture won an Award of Excellence in the College of Lake County's "Recent Works" art exhibit, which will run through Nov. 3.

*I thought I was
the only child!*

Adjusting to changes in a family isn't easy, but a newborn has the advantage of all kinds of attention and being "star of the show" for a while. To the new big brother or sister, though, the adjustment period can be confusing and a little scary. Whether the sibling waiting at home is a toddler or a ten-year-old, there can be feelings of loss, jealousy and anxiety.

The **Very Important Sibling (V.I.S.) Class** at Northern Illinois Medical Center addresses the problems parents may face when they bring home the new little attention-getter to his or her brothers and sisters. Children from three to ten years enjoy the free Sunday afternoon session as they learn how to bathe and feed a newborn, tour the maternity department and nursery, and verbalize some of their thoughts on the impending arrival. They learn how important they are in the family structure and the unique role they have as a big brother or sister.

The **V.I.S. Class** is just one of many benefits in NIMC's childbirth program. We want your pregnancy and delivery to be as special as possible for every member of your family. Call today to join **Rock-A-Bye Club**, our exclusive free prenatal program, and to enroll your children in the **V.I.S. Class** closest to the birth of your baby. After all, they're the most important siblings your newcomer will ever have. Wouldn't it be nice if they started out as best friends, too? For information, call **815/344-5000**, and ask for the **Rock-A-Bye Coordinator**.

Navy, Local Police Work To Arrest Drug Sellers

by STEVE PETERSON

Cooperation among several Lake County law enforcement agencies and Great Lakes Naval Training Base officials netted 23 people accused of selling narcotics to sailors.

Agencies participating in the year-long "Operation Street Deal" were the North Chicago Police Dept., Waukegan Police Dept., Lake County Metropolitan Enforcement Group and the Naval Investigative Service

of Great Lakes.

During the investigation, undercover agents posed as sailors and purchased cocaine, marijuana, and other drugs. Working on a tip from Lake County Crime Stoppers, taxi cabs were the main focus of the investigation.

"We should make it perfectly clear that these operations are against urban terrorists. The people who sell drugs are just as much a threat to the Navy as a

terrorist taking over an area," Lake County States Attny. Fred Foreman said.

Waukegan, North Chicago and Zion were the areas of concentration for the efforts.

Indictments were revealed Wednesday, Oct. 8. The Navy and civilian authorities announced the breaking of the case at a news conference held at the base.

Those arrested face on the Class II and Class III felonies and a maximum six

years prison sentence. Two cabs and one private vehicle were seized in the investigation.

Foreman said in the past the Navy personnel have been easy prey for drug sellers.

"When you have a large number of people, you will have people who will prey on their temptations. The Navy has been very cooperative in bringing the sailors back (for trials), Foreman said.

Ernest Fischer, North Chicago police chief, stressed the need for joint efforts between law enforcement groups.

"We've got to work together and try and stop this at the street level. If we keep the pressure on, we will stem the activity in this area," Fischer said.

Navy Lt. Joe Gradisher said the drug problem at the base is low. The Navy does random testing of personnel

and an educational program is available for sailors.

"The Navy has a policy of zero drug tolerance. This is just another step in maintaining that policy. The last couple of years, drug use has been on the downturn at Great Lakes," he said.

There are some 36,000 people at the Naval base, Gradisher said. A drug-testing survey at a Navy school showed .77 of one percent tested positive.

Name Senior Finalist

Kim Zych, a senior at Carmel High School for Girls, has been named a National Merit Semi-Finalist.

A resident of Libertyville, Zych hopes to attend the United States Naval Academy or Notre Dame, majoring in engineering or biological science.

The semi-finalists represent about half of one percent of the state's high school graduating class.

To be considered for Merit Scholarships, the semifinalists must advance to finalist standing by documenting high academic performance, being endorsed and recommended by their high schools, taking the Scholastic Aptitude Test and confirming their qualifying test performance, and submitting information about their school and community activities, personal interests and goals.

In addition, Carmel High School for Girls has announced that four seniors have been named Commended Students in the 1987 National Merit Scholarship Program. Receiving Letters of Commendation were: Julie Bowman and Jean Gartzke, both of Libertyville; and Nada Kojic and Jana LaSorte, both of Grayslake.

Based on their performance on the qualifying test, these students placed in the top 50,000 of more than one million participants.

Plan Benefit

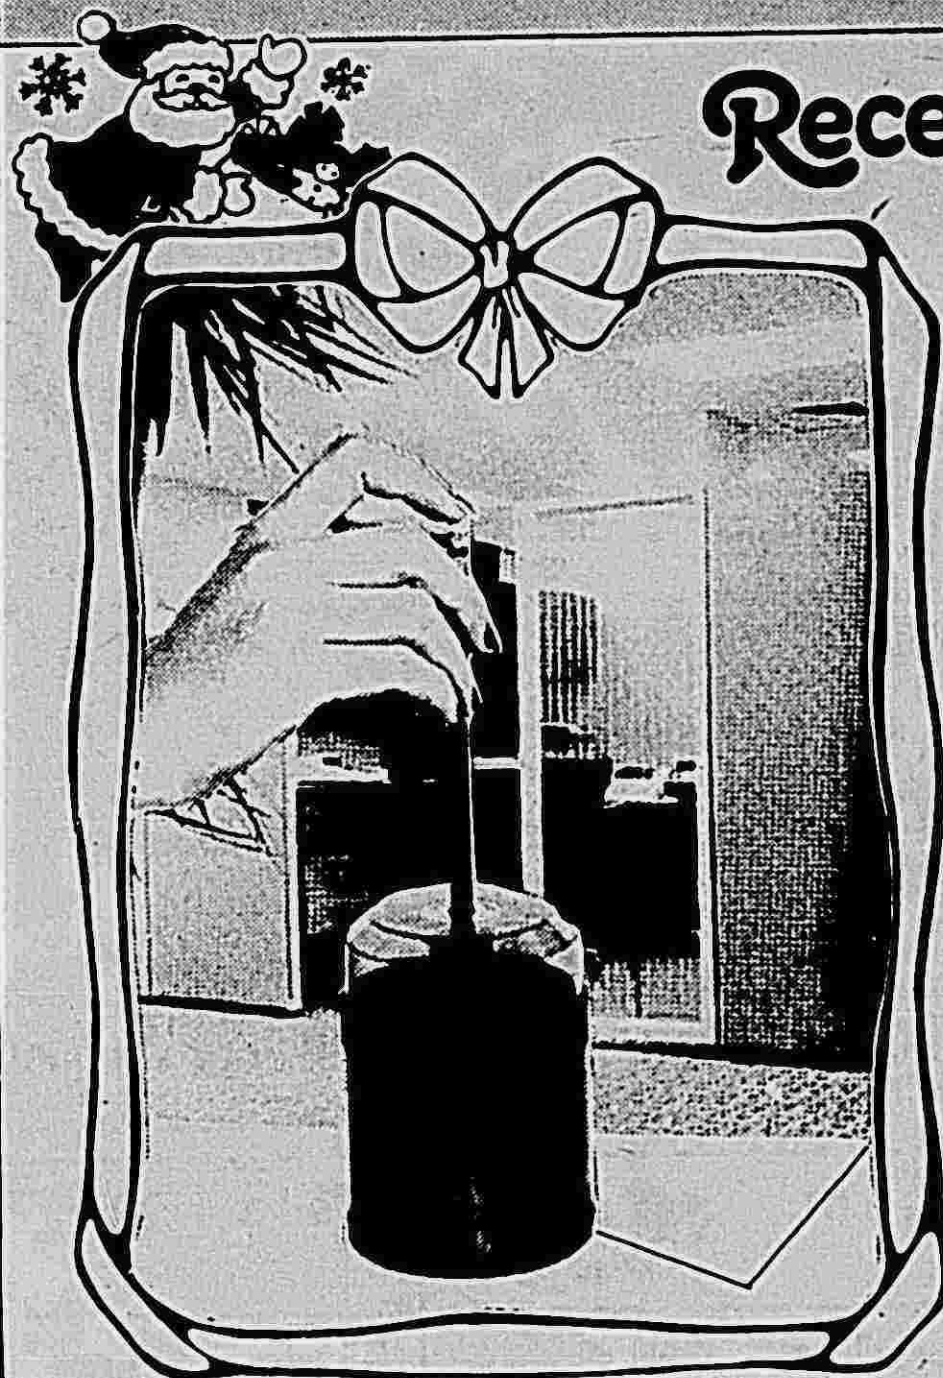

Lt. Gov. George Ryan will be the featured speaker at a fall fundraiser for State Sen. Jack Schaffer (R-McHenry County) to be held from 4 to 6 p.m., Sunday, Oct. 19, at the Old Court House Inn in Woodstock.

Information on tickets to the fundraiser is available by calling (815) 459-1776. The fundraiser is being held by Sen. Schaffer's Citizens Committee. Schaffer is running for re-election for the 32nd Dist. Senate seat in the November election.

CLC Announces Local Art Exhibit Winners

Jack McLean of Wauconda and Steve Jones of Lake Forest won awards of Excellence and \$250 cash awards for their entries in "Recent Works 1986," an exhibition of art by Lake County artists at the CLC Community Gallery of Art. The exhibition was open to artists who live or work in Lake County.

McLean's winning piece is a sculpture of oak, bronze and elk horn titled "Mortal Purse." Jones' is an oil titled "Tangled Web II."

The Purchase Award was presented to Willard Kolstad of Kenosha, Wisconsin who works as a graphic artist at Great Lakes Naval Base and Leroy "Skip" Wiese of Waukegan. Kolstad's pastel and Wiese's watercolor were purchased for CLC's permanent art collection.

Awards of Merit and \$100 were presented to Gita Hardimon of Highland Park, C. Neuhaus-Jones of Lake Forest, Beverly Kedzior of Lincolnshire, Eddwin Meyers of Chicago and Dan Ziembo of Lake Villa.

Honorable mentions went to Suzanne Grube of Round Lake, Willard Kolstad of Kenosha, Steven Kozar of Mundelein, Jack McLean of Wauconda, Howard Quednau of Libertyville, Judith Roth of Deerfield, Valerie Seavey of Buffalo Grove and Marilyn Weitzman of Deerfield.

The jurors for the competition were Ken Dahlberg, art instructor from William Rainey Harper College; Barbara Field, director of the Hokin-Kaufman Gallery in Chicago and Garrett Holz,

art reviewer for the News-Sun and the New Art Examiner.

Fifty-one pieces were selected for the exhibition which runs through Nov. 9.

The next exhibition at the Community Gallery of Art is the paintings, drawings and sculptures of Judith Roth and John Edgcomb beginning Nov. 14.

Puppeteer Comes To Center

Roddy Rennick, renowned Canadian puppeteer, will be the featured performer Sunday, Oct. 19, at this month's David Adler Cultural Center children's concert. His program will be for children of pre-school age and older.

Rennick has performed in-

ternationally and has appeared on television as both performer and talk show guest. In addition, he has lectured at more than 250 libraries and schools, including universities, teaching thousands of

students, teachers and other puppeteers. His program at Adler is part of his first United States tour.

Admission is \$3 for adults, \$2.50 for members and \$2 for children. For more information, call (312) 367-0707.

Of Mice And Men

The Potawatomi Theatre Co.'s presentation of John Steinbeck's "Of Mice And Men" at the historic Genesee in Waukegan is "Steinbeck." If you are like many of us who remember this story from either an old late show movie or a reading in a Modern American Lit 101 class, then you are in a position to fall in love with this Steinbeck story through this live production.

The general plot of this quintessential American story is known to probably everyone who hasn't been living in a cave since 1937. The characters of street-wise George (played by Tim Holt) and big, simple Lennie (played by Scott Urban) are done perfectly, complete with all the raw but essential language inherent in Steinbeck's original work.

The path these two lovable but tragic characters take starts on a sandy bank of the Salinas River in California sometime in 1937. They soon meet a colorful cast of characters, each portrayed with a refreshing enthusiasm. The old man Candy (played by John Harvey),

the black stable boy Crooks (played by Anthony McCarthy), and the young independent mule skinner Slim (played by the very memorable Tim Kough) become the pair's friends at the ranch they have found work on. The acidic Curley (played by Jeff Mertes) and his fatal wife (played by Kerri McDermott), take the pair of George and Lennie on the course of tragedy. A supporting cast that only brings added life to the play helps make this production very engaging. So much so that this reviewer must admit to having spent a very enjoyable evening even after the play had ended locked in conversation about the feelings so very well expressed in this presentation of Steinbeck's masterpiece.

On my rating scale of ★★★★★, this presentation deserves all four, a tribute to the cast. The play will be at the Genesee Theatre, 205 North Genesee Street, Waukegan, October 18 & 19. Tickets are available in advance or at the door. Don't miss this moving taste of Steinbeck.

PM&L Auditions

Auditions for PM&L Theatre's second show of Season 26, "Bell, Book And Candle," by John van Druten will be held Thursday, Oct. 16 at 7:30 p.m. at the theatre. The theatre is located at 877 Main St. in Antioch. Auditions are open to all adults. PM&L welcomes everyone. The show will be directed by Mark Badtke of Genoa City and will be performed Nov. 21, 22, 28, 29, Dec. 1, 5, and 6.

Singles Buffet

The Christian Singles will hold a salad buffet on Saturday, Oct. 18 at 5 p.m. at Calvary Temple, 450 Keller Ave., Waukegan. Table games will follow. Christian Singles in non-denominational and welcomes visitors and new members. For more information call (312) 662-4241 or (312) 689-0770.

Craft To Play At Adler

Walter Craft, a maker of music and teller of tales, makes a return appearance at the David Adler Cultural Center on Saturday, Oct. 18, in two shows, at 7:30 and 9:30 p.m.

Craft plays folk, blues, country and contemporary music and has performed at colleges, clubs and festivals across the country.

Opening both shows will be Skip Jones, a philosopher-folksinger whose songs reflect his sense of family and community, and his belief in the power of the human spirit.

His approach to music has been influenced by Larry Penn, Art Thieme, Utah Phillips and Pete Seeger. Jones accompanies himself on guitar and autoharp.

Admission is \$5 for adults, \$4 for members, \$2 for senior citizens and children six to 12, and free for children under six.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization. For information call (312) 367-0707.

Spaghetti Dinner

The Central High School Booster Club spaghetti dinner will be held Tuesday, Oct. 14, from 5 to 8 p.m. at Central High School. Price is \$3.50 for adults, \$1.50 for children six to eleven, and children under six free. Carryouts will be available.

Dining Guide

The good eating spots, whether you're in a hurry, seeking family dining or out for gourmet food for that "special occasion," are featured weekly in Lakeland Newspapers.

Georgia Cobb Announces Retirement From Orchestra

The Chain O'Lakes Orchestra bids farewell to Georgia Ingram Cobb, a resident of Fox Lake's Leisure Village, who has announced her retirement as director of the orchestra. Cobb's expertise as a performer and her dedication to her art stand as a tribute to her numerous accomplishments.

Cobb was hailed as America's prima ballerina early in her career. She performed at America's finest theaters including the Chicago Theater and the Palace Theater in New York. Later, she was recognized as a skilled violinist, performing with a variety of orchestras and ensemble groups both in America and overseas. Eventually she settled in the retirement community of Leisure Village and, in the spring of 1980, the Chain O'Lakes Orchestra was formed. From its inception, the orchestra has grown to over 40 members and has performed locally on a regular basis.

Timothy Montalvo, a former student of Cobb's, and one of the founding members of the orchestra, has assumed the position of acting conductor. Montalvo and the orchestra members will strive to follow the path of excellence and dedication that Cobb has instituted. Orchestra rehearsal will continue every Saturday at 9:30 a.m. at the Fox Lake Village Hall.

Anyone interested in joining the orchestra or in further information may contact Karen Nowak at (312) 546-4561.

Adelines To Sing

Riverport Chorus, Sweet Adelines, meet at 7 p.m., each Monday at Salem Elementary School. All area ladies interested in singing four part harmony, barbershop style, are invited. Call (414) 862-6020 for more information.

Players Best Of Friends

The Waukegan Community Players will present 'The Best Of Friends' on Friday, Saturday, Oct. 24, 25 at 8 p.m. and Sunday, Oct. 26, at 3 p.m. at the Melba Wixom Theater, Waukegan. Adults tickets are \$6 and seniors and students, \$5. The play continues Oct. 31 and Nov. 1, at 8 p.m.

Plans Music Festival

The annual fall music festival at Wauconda High School will be held Tuesday, Oct. 28 in the high school gym. Featured will be the high school choruses and band along with the junior high chorus and bands.

The program will begin at 7:30 p.m. There is no admission charge.

Several WHS band and choral students will be auditioning for the Illinois Music Educator's Association All District Band and Chorus.

Auditions are held in October and those chosen to participate will present a concert on Nov. 22 at Glenbrook North High School.

There are seven districts in the state. After each district has its festival, the best musicians from each district are chosen to form the All-State organization.

Lip Sync Contest Is Oct. 24

The Wauconda Pom Pon Squad, known as the "Lady Paws" will sponsor their second annual Lip Sync Contest at 7 p.m. Friday, Oct. 24.

They are offering great prizes again this year — \$100 for first place, \$50 for second, and \$25 for third.

A total of 15 acts will be chosen to perform, so sign up quickly. The registration fee is for groups, \$10 for solo acts, half of which will be returned following the performance. Students may sign up in the Main Office.

To Hold Puppet Class

The public is invited to a workshop to construct a muppet-style puppet on Monday, Oct. 20, from 9 a.m. to 3 p.m., or the two Monday nights of Oct. 20 and 27 from 6:30 to 9:30 p.m.

The life-size, toddler-size puppet can be many characters and used in Sunday schools, classrooms, camps, programs, theater presentations, club meetings and picnics. The puppet is appealing and useful in teaching because children and adults listen to what it says.

Linda Viol will teach workshop participants how to construct the puppet and give tips on life-like

techniques for using it.

The \$35 fee includes all materials and a take-home pattern. Participants are asked to bring a portable sewing machine and scissors, if possible.

Advance registration is a must, and should be sent to Teacher Place and Parent Resources, 380 N. Pine, Burlington, Wis., 53105, where the workshop is being held.

The center offers year-round ideas, workshops, reference materials, workspace, tools and equipment, as well as in-services, networking, staff development, and education hours.

It is non-profit and not funded by any government monies, and is largely run by volunteers. It is open Tuesdays and Wednesdays, 1-7 p.m., and Saturdays, 10 a.m. to 4 p.m. during October.

Call (414)763-3946 for more information.

Upcoming workshops for the public include Oct. 21, a gifted and talented network meeting at 7 p.m.; a water rocket building and launch session for families on Saturday, Oct. 25, at 2 p.m.; and "Inventing for Kids" on Thursday, Oct. 30, while the public schools are closed for teachers' convention. Details are available at the center.

Tickets Available For Dinner

Tickets are going fast for the 11th Annual Toft Auto Racing's Wilmot Speedway/Star Trac Night of Champions Awards Dinner/Dance, to be held Saturday, Oct. 18, at the Wonder Bar in Twin Lakes.

The annual event will honor the champions and top finishing drivers in the various Star Trac divisions which competed throughout the 1986 racing season at Wilmot Speedway, located on the Kenosha County Fairgrounds in Wilmot.

Heading the list of drivers to be honored are the 1986 champions: Gib Wiser of Neosho, winged sprint cars; Mike Frost of Zion, modifieds; Dennis Carlton of McHenry, late model sportsman; Bob Glubka of Waterford, spectator stocks; and Dean Billings of West Allis, midgets.

Qualified Star Trac competitors will also receive point fund awards.

Entertainment and music will be provided by the

famed Ernie Levas and The Blooze Brothers, along with the EPL Express. Cocktails will be at 7, with dinner served at 8 p.m.

A limited number of tickets at \$12 each, remain available. Tickets must be purchased in advance by

sending a check or money order to Toft Auto Racing, Inc., 375 Harden, Antioch, 60002. Also include a stamped, self-addressed envelope. Deadline for purchasing tickets is Friday, Oct. 10.

Craft Festival

"Fall Diddley", a festival with over 200 crafters in 7 buildings, will be held at the McHenry County Fairgrounds, Rte. 47, Woodstock, on Saturday and Sunday, Oct. 18 and 19, from 10 a.m.-5 p.m. Food, entertainment, games, and pony rides will also be featured. Admission is \$1 for adults, 50 cents for children, under 5 free. The event is sponsored by the Mental Health Resource League for McHenry County. For more information, call (815)385-3934.

Park Dist To Hold Barn Dance

No square dancing experience is needed to participate in the Grayslake Park District's Harvest Hoedown to be held on Oct. 25 at the park district building, 32 S. Seymour St. in downtown Grayslake.

This is the first in a series of traditional barn dances to be held by the park district this fall. Live music will be provided, and "Uncle" Roy Reinholds will call the dances.

The dances are more traditional than usual, said Reinholds, and costume is not important. Admission is \$3. For more information about this and future dances, call Reinholds at (312) 223-2081.

Volleyball

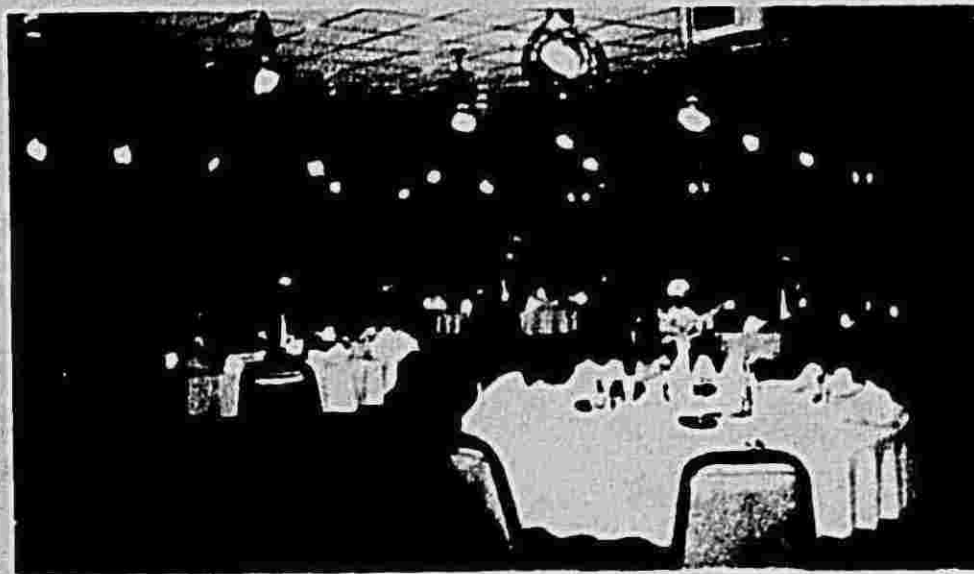

Those teams interested in joining the Lindenhurst Volleyball League have until Oct. 18 to sign up. On this date, team fees, rosters and release waivers are due. For anyone needing information on the league, it is available at the Lindenhurst Village Hall or call (312) 356-6011.

Jaycee Haunted House Opens Oct. 17

by ROSELLE LOVE
(312) 356-2980

Beware! Monsters on the loose! Witches, vampires, ghosts and goblins are coming your way when the Lake Villa-Lindenhurst Jaycees present their annual Haunted House, Oct. 17 through Oct. 31. The Jaycees have adapted the Gavin School Bus Barn on Rte. 59 in Lake Villa to become the Haunted House. This is believed to be the largest type of activity and attraction that has been available in Lake County. The attraction will be open Wednesdays, Thursdays, and Sundays from 7 to 9 p.m., and on Fridays and Sundays from 7 to 11 p.m. Admission is \$2.

Visitors to the old tudor stable will face a series of specially engineered effects that simulate a variety of fearful situations. The funds that are raised in this effort will be used for various community and youth development projects. Over 100 local persons will be involved in the effort that includes building and maintaining this attraction.

Project chairman, Mitch Kotlarz states that over 4,000 hours of volunteer labor will be donated as well as thousands of dollars to make this attraction possible. He also stated that this type of activity was designed to involve the area youth during the Halloween season.

The Lake Villa-Lindenhurst Jaycees expect 10,000 visitors. They recommend the best time to visit the Haunted House is during the week. Parking and refreshments will be available. For further information contact Mitch Kotlarz at (312) 356-9547.

LAKE COUNTY COUNCIL FOR SENIORS (LCCS)

Wednesday, Oct. 29 is the date for the "That's Italian" spaghetti dinner. It will be at the American Legion Home, Washington and West Sts. in Waukegan, from 4 to 7 p.m., at the very modest cost of \$4 for adults, and \$2 for children under 16. There will also be a family ticket for \$12. Tickets can be purchased in advance from the officers and committee members of LCCS. Tickets will also be available at the door. Call (312) 244-1720 for information.

There is a Thanksgiving Dinner being planned by the LCCS under the sponsorship of the Waukegan Post American Legion and the Council. This early announcement is to be sure your reservations are made on time. There is a limit of 250 guests. Rides to the dinner will be available upon notice, or your dinner can be

formation at (312) 356-2582.

HOWARD SIEDLECKI WINS "NATIONAL MAINTENANCE TECHNICIAN" OF THE YEAR!

This annual event is sponsored by the Federal Aviation Administration and the aviation industry. Siedlecki was chosen from thousands competing for the title. He has 20 years of experience in aircraft maintenance and is an employee of Trans-Air Corp. in Waukegan.

Siedlecki received his training in aircraft maintenance while serving in the Marine Corps during the Vietnam War from 1965 to 1969. He then attended Blackhawk Technical School

in Janesville, Wis. in order to qualify himself to work on civilian aircraft. He joined Trans-Air after one-and-a-half years with Kenosha Aviation.

Siedlecki is a 1965 graduate of Grayslake Community High School and resides in Lake Villa with his wife, Marty, and 13-year-old son, Scott. The family will receive his honors in ceremonies held in Washington. Congratulations!

PRINCE OF PEACE CRAFT FAIR

Jack Of All Trades craft fair will be held at Prince of Peace in Lake Villa on Saturday, Oct. 18 from 9 a.m. to 4 p.m., and again on Sunday, Oct. 19, from 9 a.m. to 2 p.m.

Over 50 crafters will participate in the fair. An added treat will be the sale of pumpkins, just in time for Halloween. The Eatery will feature a menu of hot dog

plate lunches, cider, taffy applies, soft drinks and popcorn.

The Bakery will be selling coffee and doughnuts.

Granny's Attic will again be featured at the fair for those who hope to find some great bargains.

A special happy anniversary wish to my parents, Lorraine and Bill Podrazik, who will celebrate their 43rd wedding anniversary on Oct. 17.

Antioch Students Speak Out On Contract Talks

Antioch teachers and board members are not the only ones affected by the heated negotiations taking place at Antioch Community High School. Many of the students have spoken out with their opinions and reactions to the present crisis.

The student walk-out which took place on Thursday, Oct. 9 was perhaps the most visible objection on the part of the students. During this event some of them voiced their thoughts.

Carrie Block, an ACHS sophomore, said "I think that they should come to a settlement some time soon. I can see both of their points, but I just want to get it over with."

"If they go on strike," said Laura Dunlap, "it will jeopardize our graduation. The seniors might not graduate. We wouldn't get

the full education that the state and our minds require."

Julie Jerman commented on the discussion session held by school officials in the auditorium. The sophomore said that, "It was like talking to a brick wall. We couldn't talk to the board."

Junior Susan Klemme levelled a charge at the teachers. She claimed that "All of a sudden the teachers are getting real strict, trying to get to the board through us."

Antioch Teacher's Association President Ted DeRouse is in favor of a quick settlement of the issues. He commented that the negotiation of teacher's contracts under crisis conditions is destructive, and he hopes it will never happen again.

Pickard China: A Lasting Tradition

Lakeland Newspapers celebrates the 100th year of continuous publication of the Antioch News-Reporter this week. In celebration of that event, we have included several articles involving Antioch history in this week's paper. The following is one of them.

by SUSAN MONTGOMERY

When Pickard vice president Eben Morgan talks about china, technical terms such as "vitrification" and "translucent" frequently creep up in his conversation.

But that's not what sells Pickard china to most consumers, and he knows that.

What does catch the eye of consumers are the numerous decorative patterns continually designed and redesigned each year.

"No one cares whether the china is translucent," he says. "What sells the pattern are the different styles we have."

And so while much of Antioch's commercial sector continues to bustle along major thoroughfares like Main and Lake streets, specialists at Pickard Inc. are working diligently just a few blocks away, creating stunning designs that rank Pickard among the nation's top two manufacturers of fine china. (Their competitor, Lenox Inc. is based in New Jersey.)

Founded in 1893 in Edgerton, Wis., by Wilder Pickard, the company was first a decorative studio where imported "blanks," or unpainted pieces of china, were handpainted by Pickard artists. The studio was moved to Chicago in 1900, but further expansion forced the company to look for even larger quarters.

Pickard's move in 1936 to Antioch signaled not only growth, but also the company's initial venture into manufacturing its own china.

With a 5,000 square-foot building at the time, Pickard was instrumental in changing the character of Antioch, Morgan says.

"It was still two different communities then — primarily a resort community during the summer, and farming community during the winter," he says. "The village government was interested in bringing in some permanent industry."

Today, Pickard is the oldest continuing manufacturer in Antioch, with a plant size of 60,000 square feet, and between 85 to 150 employees. Three generations of the Pickard family have been involved in

operating the company. Peter Pickard, grandson of Wilder, is now president.

As the firm grew, so did its reputation for producing a strong, high quality china that, Morgan maintains, rivals that produced in the Orient.

The formulation of a china body (basic ingredients) and glaze, over a year-and-a-half period, included roughly 1,000 body trials and 3,000 glaze trials were conducted before arriving at the Pickard formula.

Intense import pressure from both European and Oriental markets demands that Pickard produce a china using the most technically advanced concepts.

As Morgan notes the china's most important qualities, the words "translucent" and "vitrification" creep back into the conversation.

"Those two things go hand in hand," he says. "Translucent means it will not absorb moisture. Vitrification refers to the strength of the china," again going back to the critical balance of ingredients that go into making the china.

But is that what a bride selecting out her china pattern is most apt to consider? Not at all, Morgan says.

"We exist because of our styles. We're very competitive with others," he adds.

Consumer testing is one way to keep current with the public's likes and dislikes. "If we don't get a positive reaction from computer testing, we don't go with an idea," says Morgan.

Pickard currently produces about 20 different patterns. Designs also include collector's plates, and a special line of china produced for the U.S. State Department, which carries a gold eagle emblem.

While many young brides may lament the ever-increasing price tag that fine china carries with it, the sheer number of hours, phases and individuals involved in the creation of one piece is phenomenal.

The simplest piece goes through 17 different steps before it is completed; more complicated pieces take up to 28 hours. When the china has been molded and baked in a kiln, a large workforce of women go over painstaking details, applying decals and glaze to the china before a final baking process.

"We enjoy working with a product that has some degree of permanence," Morgan says. "We take pride in doing that kind of work."

Concentration

From start to finish, the effort that goes into making Pickard china requires painstaking care and concentration as one worker demonstrates while she applies a handle to an unglazed teacup. Each piece may go through between 17 to 28 different phases before completion. One of the nation's two fine china manufacturers, Pickard Inc. has been located in Antioch since 1926. — Photo by Sue Montgomery.

Governor Announces Hotline For Flood Victims

Governor James R. Thompson on Friday announced that a toll-free hotline, (800) 572-5757 will be in operation beginning at 9 a.m. Friday, Oct. 17 to assist Illinois flood victims in Lake, McHenry and portions of Cook counties.

"Callers will receive information on available federal assistance programs, disaster application center locations and hours of operation," Thompson said. "This hotline will allow flood victims to avoid any un-

necessary confusion about disaster aid."

Specially trained federal employees will staff the hotline telephones from 9 a.m. through 6 p.m. daily. A telephone answering machine will offer information during other times.

Disaster assistance applications will not be taken through the hotline.

To apply for federal assistance all disaster victims in Lake, McHenry and Cook counties must visit one of the following Disaster Ap-

plication Centers beginning Saturday, Oct. 18:

—Maine East Twp. High School, 2601 W. Dempster, Park Ridge;

—(Office Building), 7716 Madison Street, River Forest;

—McHenry Flour Mill, 4105 Crystal Lake Road, McHenry;

—College of Lake County, 19351 W. Washington, Building No. 1, Grayslake.

The four centers will be open from 10 a.m. to 7 p.m. every day of the week until the centers are no longer needed.

He's A Fighter

American Cancer Society Bike-A-Thon contestant Russell McAtee of Lake Zurich demonstrated his winning form in the Life Force Festival, sponsored by the Southwest Lake and Lake County units of the American Cancer Society. McAtee has recovered from two types of cancer and works tirelessly on behalf of the society.

Teachers Meet For Luncheon

The Retired Teachers Assn. of Lake County will hold its annual fall luncheon meeting on Monday, Oct. 20 at noon. The luncheon will be held at the Country Squire Restaurant, located at the intersection of Rtes. 120 and 45 in Grayslake.

This luncheon meeting will be hosted by Regional Supt. of Schools William L. Thompson and his office.

The guest speaker will be Hilda Burgen, a regional director for the National Retired Teachers Assn. and the American Assn. of Retired People.

Steve Calhoun, field representative for the teachers retirement system insurance, will be on hand to present an update on changes in the insurance program.

Teachers who retired in June, as well as all retired teachers, are cordially invited to attend.

Slate Health Fair

On Saturday, Oct. 18, Saint Therese Medical Center will host its third annual Children's Health Fair for kids age three-12 in Mother Leonarda Conference Center adjacent to the medical center, from 10 a.m. to 3 p.m. Admission and parking are free.

According to the coordinator of the affair, Marian Staskiewicz, nurse manager, the goal of the fair is to teach good health habits and eliminate children's fears of hospitalization.

Activities will include vision and hearing tests, games, dental health, fire protection, physical fitness trail, and an "Ask the Nurse" booth. Children will have the opportunity to observe x-rays, CT scans, how a cast is made, and simple laboratory experiments. Information will be available on emergency medical care, the heart, nutrition, drugs and other health care information.

Ronald McDonald and Bugs Bunny will make a guest appearance. Children will have an opportunity to see the inside of a paramedic rescue unit which will be parked outside the medical center.

Health fair participants include the Waukegan Fire Dept., I-Search, Lake County Health Dept. and several hospital departments.

For more information about the fair, call (312)360-2151.

To Show Crafts

The annual Lake County Homemaker's Extension Arts and Crafts Show is scheduled for Wednesday, Oct. 22, from 10 a.m. to 5 p.m. at the Lake County Fairgrounds Cafeteria Building.

The craft show is known for its unique combination of quality craft items and the many working craft demonstrations given throughout the day.

Demonstrations will be given at each of the Homemaker's booths, as well as by guest demonstrators. Examples of demonstrations will be

stained glass, leather tooling, hardanger and calligraphy.

Santa Lucia, played by Jean Johnson, will distribute samples of cake at 11 a.m. "A Semester At Sea," a 45-minute presentation on a trip around the world, will be given at 1 p.m.

Other features are 15 door prizes and a white elephant sale. Lunch and dessert will be available for a nominal fee.

A \$1 donation will be accepted at the door.

For more information, call the Cooperative Extension Service at (312)223-8627.

Maintaining Family Ties

The family-owned newspaper, like the family farm, an endangered species in many parts of the nation, is alive and doing well in the Lakeland area. That became evident when the publisher of this newspaper took over sole ownership last week.

What's the significance of family ownership of a newspaper? In our mind, it centers around three key points—continuity, involvement and commitment. Whatever the ills of the newspaper industry, they can be broken down to lack of direction, insufficient participation in activities that effect the lives of people and indifference. In our opinion, these deficiencies can be traced directly to the trend toward corporate, absentee ownership. Maybe a shoe store can function adequately with ownership located in

another part of the country, but a newspaper is different, it does its job best when the owner is at a desk that's accessible to its readers.

This is the reason why this newspaper and the associated Lakeland Newspapers are different. Owner/Publisher William H. Schroeder is a shirt-sleeve publisher who talks to the readers in person or on the phone. That's the way he learned the job from his late father, the founder, and that's the way his family is learning the way to serve our community. As a business entity, a newspaper works best when it operates like a public utility. We happen to believe that family ownership is the most sensitive and dedicated vehicle to maintain the public trust of a newspaper publishing enterprise.

Hartigan Earns Support

At press time, the Lake County Board was scheduled to again take up the issue of a Heartland settlement in executive session. That means that, once again, local citizens are shut out of the process.

A key portion of a proposed settlement with the Heartland developers involves approval of a landfill to be operated by Waste Management near Rte. 83 and Peterson Rd. between Grayslake and Mundelein.

County officials are quick to point out that any such agreement must go through the public hearing process. What is not noted is the fact that the county would hardly be in a position to object to its own settlement proposal even if it wanted to. Quite frankly, it appears to us that the skids have been greased to slide this thing through. Politicians can talk all day about opposing such a landfill, but the acid test is who will formally object to the proposal.

Illinois Atty. Gen. Neil Hartigan will object; that's who. Local voters of both parties who are concerned about the environment and do not want Central Lake County to become a glorified garbage dump can send a powerful message to those who would ap-

prove such a plan. Simply put, vote for Neil Hartigan. He has pledged to help if it becomes necessary. If enough people in Lake County cast their vote for him, it may never become necessary. Lake County Board members know very well how to count votes.

There are many other reasons to vote for Hartigan. He has been an effective advocate for the citizens of Illinois. He has built upon the the consumer and environmental programs begun by William Clark in the '60s and William Scott in the '70s. His advocacy programs have helped the elderly, the disabled, veterans, farmers, and crime victims. His program of establishing regional offices throughout the state has made his office and its services accessible to all. To top it all off, he has increased the efficiency of the office and made it much more cost-effective. Any incumbent who has improved service and streamlined financial efficiency deserves support for those reasons alone.

Lake County has a very special additional reason beyond these, though. Whether or not Central Lake County becomes a dump may hinge on Hartigan's election. He deserves our support.

Don't Trust The Polls

Polling has become an integral part of the political process in recent years. There are all sorts of polls, certainly more than enough to satisfy the cravings of political junkies.

The professional pollsters, through their relative successes and self promotion, have taken on a sort of mystical status, reaching god-like proportions—until the all-time "squeaker" in Illinois election history, Big Jim Thompson's 1982 landslide conquest of Adlai Stevenson by 5,074 votes.

We're bringing up the subject of that famous cliffhanger to remind voters that not

only is polling an inexact science, but that every individual vote is important. Without a doubt, Gov. Thompson will vouch for that. In 1982, the polls gave Thompson a comfortable edge of 17 to 19 percent going into voting day. Even with 3.6 million votes cast, Thompson claimed only an eyelash victory. Obviously, something went haywire with the polls.

Political polls haven't yet been perfected that can tell who's voting, the intensity of the feelings of voters and what undecided voters will do. In 1982, the pollsters completely missed the massive turnout of black voters in Chicago for Stevenson. Interestingly, the polls place Thompson comfortably in the lead again in their 1986 race. Is there another surprise lurking? The moral is: don't trust political polls.

Risky Business

A group of citizens from the Mundelein-Fremont Twp. area are organizing a protest of the Saddlebrook Farms development approved by the Village of Round Lake Park. The development will be built entirely in Fremont Twp.

The developers envision constructing 4,800 manufactured homes (better known as mobile homes), 4,080 of which will be restricted to an adults only status.

We share the concerns of the Mundelein residents. We do not think it is a wise idea to approve developments that are larger than the host village. This particular development will contain more than double the population of the Village of Round Lake Park.

While mobile home retirement communities are common in the American South, they are not at all common in this area. There may be good reasons why they have not caught on here. While we are not opposed to experimenting with the concept, we believe that 250 units is a more appropriate amount for such an experiment.

Everyone knows that there are many bad developments. Few, if any, started out as bad ideas in the concept stage.

In the end, all developments are calculated risks. Even the best-laid plans can go astray. A development of this size and type, though, is less than a calculated risk; it is little more than a roll of the dice. If anything goes wrong, it will permanently alter the aesthetic, economic, and political structure of central Lake County.

Letters To The Editor:

Sign Devastation

Editor:

Have you noticed what has recently happened to the gateways of the Antioch area—its main highways? They have suddenly become cluttered by a proliferation of billboards at the expense of trees and shrubs. This type of advertising has reached the point of becoming offensive. The worst area is south of Rte. 173, west of Rte. 59.

It is apparent that the individuals who own the property on which the signs are erected have little or no concern for the aesthetics of the Antioch community. In fact, Lakeland Newspapers itself, is a party to this unsightly mess!

Isn't it too bad that greed for income from the billboards had to become so great that the natural beauty of the entrances to our community had to be violated to this extent. We used to say, "There oughta be a law...."

I challenge you, as a voice and influence in the community, to take a position—take up the cause—to eliminate such violations now and in the future. Let's all support improvement of our community, not such total devastation as these signs represent at all entrances to our area.

Time For Decision

Editor:

The Arbor Vista community has stood forward and through a more than two-thirds majority of its registered voters has respectfully petitioned that they be allowed to deannex from the Warren Twp. to the Libertyville Twp. school systems.

The Regional School Board of Trustees has agreed to hear both sides of this issue. Three judges have upheld our right to be heard. At least a half dozen hearings have been held. More are scheduled. The Arbor Vista group has paid its own legal expenses as well as all court costs just to be heard. The Warren Twp. School Dists. each have an attorney whose expenses are being paid with your tax dollars. These dollars are significant!

The simple facts are as follows:

—The Arbor Vista School Committee has factually pointed out that the level of student achievement in Libertyville is significantly higher. This fact should supercede all other lesser relevant testimony being made before the Regional Board.

—A clear majority of the residents of Arbor Vista is in favor of this move.

—Arbor Vista Subdivision is contiguous to Libertyville Twp. and it is closer to the Libertyville High School.

—There will be minimal tax loss (less than

four percent) to the Warren Twp. School Dists. New construction of apartments, housing and businesses now underway will more than replace these minimal dollars.

—The hearings should not be allowed to drag on at public expense. The Regional Board should allow the opposition equal time only and then make a prompt decision on the real facts of the issue.

As taxpayers, we feel this matter should be resolved quickly and fairly. Would you, as taxpayers, wish to see these expenditures of public funds continue to mount indefinitely? It is time now for the Regional Board to consider the basic facts and make a fair decision.

Abusing Witnesses

Editor:

It has been with amazement, amusement and disgust that I have watched and listened to the hearings on the petition of Arbor Vista residents to detach from Warren Twp. School Dists. and annex to Libertyville Twp. School Dists.

Dr. John Johansen stated over and over again that he had not made any conclusions in his report compiled at the request of the regional school superintendent's office as he had not been asked to do so. It was only at Mr. Everett Nichol's insistence that he stated, "I suppose one could draw that conclusion (Mr. Nichol's conclusion)." But, he also added that he had not made that conclusion.

I cannot believe that Dr. William Hazard has read the complete transcript of Dr. Johansen's testimony. Does he not know that Dr. Johansen has made almost identical statements as Dr. Hazard? ("New school buildings do not guarantee better instruction"—for example.) Could it be that Mr. Nichol has been "using" Dr. Hazard by giving him statements taken out of context.

Mr. Nichol's has distorted witnesses testimony and conducted his cross examinations as if it were a criminal case. He has tried to elicit "yes" or "no" answers and attempted to suppress comments by the witnesses on those answers—which is to deny the citizen his right at a hearing. He has insulted the intelligence of witnesses, the gallery and the school panel.

It is the perfect example of an old proverb that goes something like this: "In a dispute over ownership of a cow, one neighbor was pulling the head while the other was tugging the tail. In the middle, milking the cow, was a lawyer."

Dinner Chairman Views Program As Dirty Trick

by BILL SCHROEDER

A prominent Lake County Republican is hopping mad about what he regards as one of the dirty tricks that has become part of the 1986 political campaign headed for Nov. 4 showdown.

Robert J. "Bob" Byrne, public affairs consultant for AAMCO Tools Inc., North Chicago, and president of the North Chicago Chamber of Commerce, asserted that NBC WMAQ-TV 5 showed "absolute disregard for

any kind of journalistic principle" in a series "Airtaxpayer" that purported to show Lt. Gov. George Ryan abusing the availability of a state airplane for personal political gain.

Byrne was livid that Paul Hogan of Channel 5 attempted to inveigle him into supplying photos of a fundraiser Byrne chaired for Ryan earlier this fall for programs Oct. 6 and 7 that Byrne labeled "the worst case of media misuse that I have ever seen." Byrne further called the programs "ambush journalism" and "character assassination."

Ryan's visit here for the fun raiser was chosen by Byrne to coincide with the lieutenant governor's visit on business. Ryan has won paludits from political leaders in both parties for his help in promoting Lake County economic development.

The odious thing about the Channel 5 hatchet job, Byrne points out, is that the station employs Adlai Stevenson IV, son of the candidate for governor. "The news managers at Channel 5 have disgraced themselves for allowing a respected public official to be attacked in the manner that he was. WMAQ-TV 5 has definitely misused the public trust," declared Byrne, who said the station refused his offer to be interviewed about the Ryan event in Lake County.

A Face In Window At Koppish Burn?

by GLORIA DAVIS

It's that time of the year when the setting of the autumn sun brings about a chill night air which bodes the arrival of the annual season of gasty ghosts, blood-sucking vampires, scarey black cats and the great fear of the unknown.

With Halloween about to descend upon us, the usual ghastly ghost stories pop up, especially those centered around the local area's "haunted house," a real one, not one operated by the Jaycees.

Every town has more than one of those empty patinaed and weathered structures with broken windows that some say form the resident bats' big entrance.

If the history of the building has its last owner committing suicide or better being murdered, the story is much juicier.

When the night winds blow through its aged rafters there are sounds that some say are moans made by its captured spirits, cries of the tormented souls doomed to inhabit the house, or a demonical scream of ghouls up to no good.

Because of its turn of the century history, Wilmot Wis. has more than its share of reputed haunted houses.

The latest tails of "the beyond" concern the old Koppish house that stood across the street from Wilmot High School from the late 1800s until May of this year.

Reports have the Koppish family, mother, father, and three daughters, Rose, Marie and Lizzie moving to Wilmot just before 1900 reared its head.

Sometime after that an "Uncle Chris" also moved in and when the father and the mother died, "Old Chris" remained with the girls.

In 1936 "Old Chris" died leaving the three ladies, who had never married, to live in the big old house by themselves.

All three were often to be seen on the streets of Wilmot, wearing period costumes, as they headed to Kriska's market to buy a half-of-a-pound of hamburger to split for dinner. They never made the century's turn.

As the ladies aged, Marie passed away, and the men of Wilmot kept an eye on the "Koppish girls" who had never moved to the

electronic age. The old home still had no electricity and no central heating system.

It was lit by candles and kerosene lamps and heated by a wood-burning stove until the remaining ladies were taken to a nursing home in 1964 where they later died when they were in their 80s.

The home stood empty for the next 20 years, supplying the school kids that passed it daily and others with enough material to reproduce "The Uninvited."

Last spring, because of its growing danger to the community since the Koppish home was now very unsafe, with the Wilmot Fire Dept. supervising, a few area fire departments "burned down" the home as a practice drill.

No, no gossamer forms flew from the windows, no bats dripping blood escaped the flames through the chimney, but for some of those present at the burning a question boding the possible existence of an unexplainable prescence did arise.

Russell Badtke, owner of the Wilmot Cafe just around the corner from the Koppish house, took pictures of the flames engulfing what some claimed was a historical landmark.

When he had the pictures developed he did a double take as he scanned the photos. Wait a minute! What is that, I mean who is that?

He stared at a picture of the flaming house, zeroing in a one window in particular.

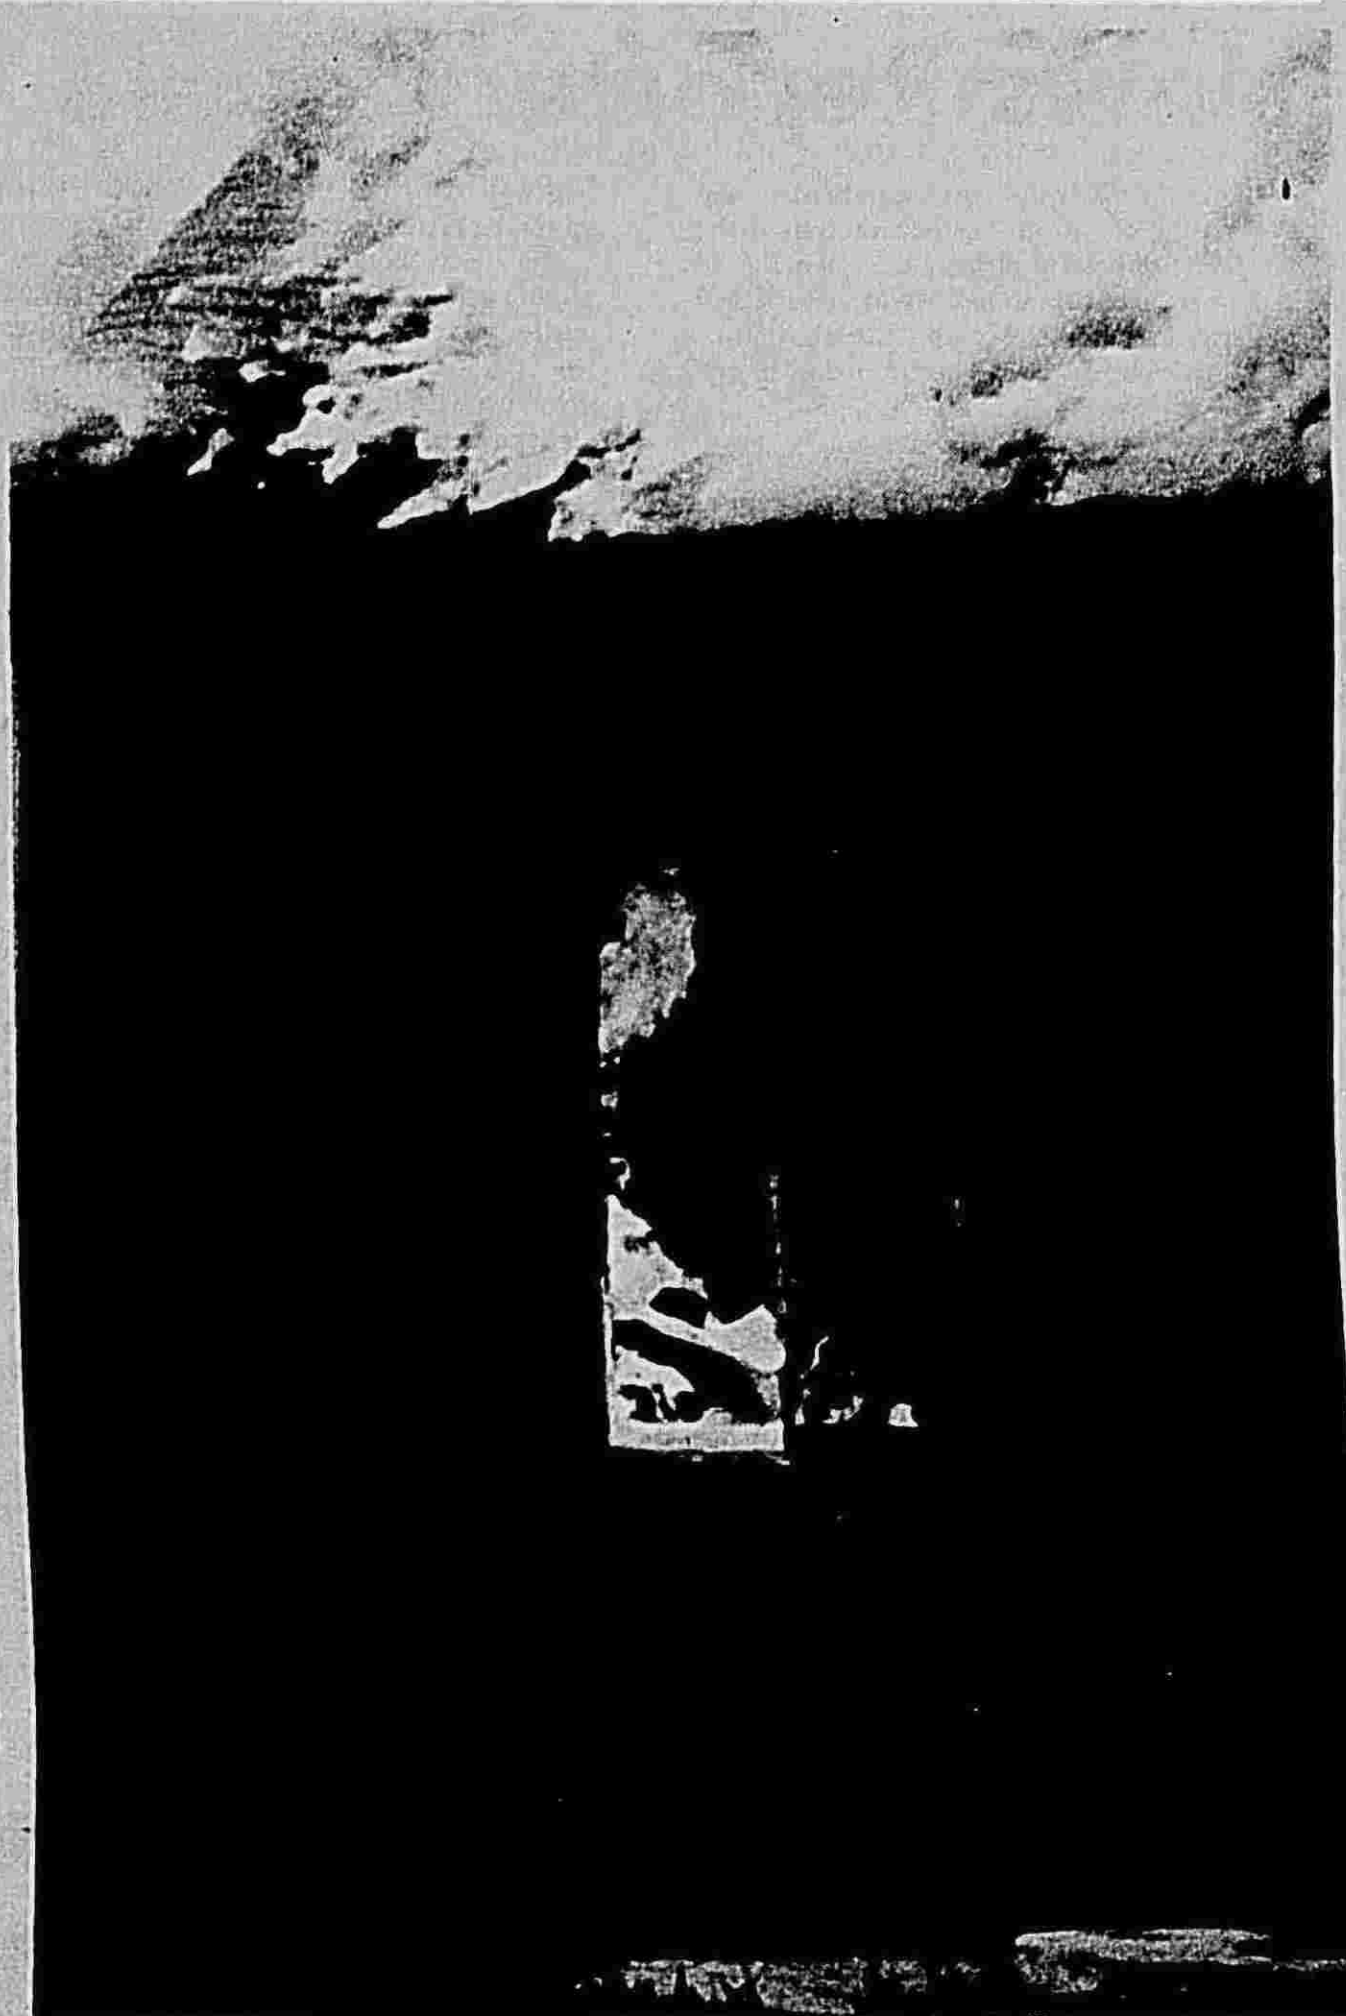

Hmm, if he didn't know better, he could swear that the face of a man with a beard was staring out through the flames.

Badtke had the picture blown-up so he could get a better look-see at this strange apparition.

Yep! There it is! Is that a man gazing out at the firemen or is it just a trick illusion created by the flames and smoke?

Could it be the spirit of Pappa Koppish, Uncle Chris, or maybe a secret sweetheart belonging to Rose, Marie or Lizzie?

Usually the picture asks that question as it hangs on the wall of the cafe for all to peruse. Look at a copy of that picture that accompanies this article and judge for yourself.

Many 'Haunted' Houses Throughout County

Waukegan Jaycees

The Waukegan Jaycees are holding their annual Haunted House. Proceeds from this event go to fund the projects that the group runs all year. Some of these events are bowling for senior citizens, sending handicapped children to camp, and running a junior olympics for kids in Waukegan. The dates and times for this event are:

Friday to Sunday, Oct. 24-26; Wednesday to Friday, Oct. 29-30; and Saturday and Sunday, Nov. 1-2.

Times for the event are from 7 to 10 p.m., Wednesdays and Thursdays; 7 to 11 p.m. all other days.

Any further questions please contact (312) 244-1241. The location is at the old Waukegan Public Library, at North Sheridan Rd.

In Wildwood, the Wildwood Park Dist. is asking for volunteers for its "haunted park" program Oct. 31.

The program will run from 6 to 7 p.m. To volunteer, call (312) 223-PARKS.

Grass Lake PTO

The Grass Lake PTO will be sponsoring its 12th annual Haunted House to help raise funds for the school.

The dates are Friday, Oct. 24 to Saturday, Nov. 1. The door will always open at 7.

The location for the Grass Lake Haunted House is on Grass Lake Rd. west of Rte. 59 in Antioch.

Antioch Jaycees

The Antioch Jaycees will have all their monsters and goblins out in full force for their Haunted House from

Oct. 17-19 and Oct. 24-31 with a childrens matinee on Sunday, Oct. 26 from 1 to 4 p.m. Times for the Haunted House will be Sunday to Thursday, 7 to 10 p.m. and Friday to Saturday, 7 to 11 p.m. with admission being \$2. The Haunted House will be held at Windy City Circus Complex, Rte. 173 West, north one block on Lake Ave.

Proceeds from the Antioch

Jaycees Haunted House go towards supporting community service projects such as the Conservation Safety Programs, Camp New Hope, MDA, Statue of Liberty Restoration Project and many more.

Gavin School

The Lake Villa-Lindhurst Jaycees are presenting a public at-

traction as a fund-raising effort this Halloween. The members adapted The Gavin School Bus Barn on Route 59 in Lake Villa to become a Haunted House. The Haunted House will be open Wednesdays, Thursdays and Sundays from 7 to 9 p.m., Fridays and Saturday from 7 to 11 p.m. from Friday, Oct. 17th through Halloween night. Admission is \$2.

Offer Course

The Lake County Health Dept. Mental Health Division is offering a Systematic Training for Effective Parenting (STEP) course, at the College of Lake County on Tuesday evenings from 7:30-9 p.m., beginning Oct. 21. There will be eight sessions.

News-Reporter Covers PM&L For 26 Years

Lakeland Newspapers celebrates the 100th year of continuous publication of the Antioch News-Reporter this week. In celebration of that event, we have included several articles involving Antioch history in this week's paper. The following is one of them.

by GLORIA DAVIS

The PM&L Theater group has become an integral part of the Antioch community in the 26 years that it has brought live theater, music and art displays to the area, ergo the name Palette, Masque and Lyre.

The Antioch News, the Antioch Reporter and now the Antioch News-Reporter have followed the progress and growth of this group since its inception in 1960, for a quarter of the time the paper has been printed, by giving the coming productions publicity and also by often reviewing the current production.

This latter vice, though requested has not always been gleefully greeted, but the newspaper's critics continue "calling 'em as they sees 'em."

PM&L has displayed the works of local artists throughout the theater during performances and the group has often sponsored musical concerts as well as featuring musicians in many of its productions.

Today, PM&L is operating in the black, having not only remodeled, but added greatly to the once dilapidated theater, the actual recent purchase of which made this the only community theater group in Lake County operating out of its own theater.

But things have not always come up roses for PM&L.

Back in 1960, 12 people that represented many community facets, businessmen, teachers, art, drama and music lovers made an effort at starting a performing ar-

ts group by producing "The Tender Trap" on the stage of Antioch High School.

The show, though locally acclaimed, lost money and little was heard from the group until a year later, in 1961 when Dr. James Kopriva's Civil War Centennial program drew crowds to the high school and even cleared expenses.

With this shot in the arm, three more shows were successfully done on the high school stage in 1962-63.

In 1964 the group moved to Antioch's defunct movie theater, the Lakes Theater on Main St.

Since the name of a street a block away is Broadway, it was then that the joke "in the little theater just off Broadway," began.

Although audiences, membership and the quality of the group's productions increased by the year, in 1969-70, PM&L found itself in big financial trouble, unable to even afford to keep operating in the old theater.

A move, bag, baggage and scenery, was made to the Antioch Country Club out on Rte. 59 where the four dinner-theater shows that PM&L did there put enough money in the group's coffers to enable them to move back into their own theater where they have been ever since.

There are PM&L alumni that have made theatrical strides outside of Antioch. One of the group's patriarchs, Ken Smouse will soon take over as resident director of the new theater being built as Waukegan's drama contribution to that city's performing arts center.

Lloyd Pedersen, who once was Wayne King's vocalist, has been singing his way solo and in groups all over the country and Tony Starke, PM&L's latest "make gooder", who has appeared in a movie with Jackie Gleason and on several tv shows, just premiered in his latest claim to

fame, a syndicated tv syndicated sitcom starring Danny Thomas.

Back issues of the Antioch News-Reporter are chock full of names that formed the theater group's background and continual lifeline.

That long list includes Kopriva, Ken and Betty Smouse, Bill Brook, Al Bucar, Wes Camp, Don Beveroth, Hank and Ricky Apostol, Dee(D'Isa)Baum, Aileen Biel, Shirley Jensen, Ann Marie Cina, Tom Hausman, Lou Jones, Tracy Kederlein and many, many more up to a present-day husband and wife director-actor team, Donna and Mark Badtke, just to name a very few that come to mind.

The long list includes not only those that have and are still appearing behind the footlights, but the many unsung heroes that have spearheaded each performance from backstage, whether it be doing scenery, costumes, publicity, stage managing, operating the lights or supplying musical background.

The list of shows runs rampant, from Broadway musicals like "Pajama Game," "Guys and Dolls" (done twice), "Oklahoma," "Fiddler On the Roof," (done twice), "South Pacific" (done twice), "Oliver," "Man Of LaManchia," to comedies like "Mr. Roberts," "Arsenic and Old Lace," "Everybody Loves Opal," "Plaza Suite," and "No Sex Please, We're British," to reviews like "Apple Pie," "Fanfare," "Broadway, Etc." and the Antioch Sesquicentennial Show, to more cultural productions like "Antigone," "Don Juan In Hell," and "The Crucible." This list just barely touches on the total of the group's many efforts.

Now that new lighting, heating and air conditioning systems have been installed in the theater, Season 26 is slated to bring the remodeling of the concession area with money donated by the Antioch Rotary

Club, just one example of continual community support.

The group's Season 26 has already begun with its current production of "Annie Get Your Gun." The show list for the rest of the season includes "Bell, Book and Candle," "Angel Street," "A Funny Thing Happened On the Way to the Forum" (second time), "The Curious Savage," and "Come Blow Your Horn."

Every year the group holds an awards banquet to honor the best dramatic and technical efforts put forth in that year. The list of the coming productions bodes the shedding of brighter lights on this year's new and old star producers.

Vleck-Harrington

Erin Vleck, daughter of Mr. and Mrs. John Vleck of Lindenhurst, and Steven Harrington, son of Mr. Jack Harrington of North Riverside and Mrs. Bernard Jacobson of Wildwood, were joined in marriage on Aug. 16 at St. Dismas Church, Waukegan, by the Rev. Paul Cull.

The bride was given away by her father in the double ring ceremony.

Matron of honor was Cindy Harrington, sister-in-law of the groom.

Best man was Mark Harrington, brother of the groom. Ushers were Tom Gates and Bob Mangano.

Following a reception at Harbor Ridge Country Club, Antioch, the newlyweds left for a honeymoon at the Chicago Whitehall Hotel.

The bride is a graduate of Antioch Community High School and attended the College of Lake County. She is a registrar at Lake Forest Hospital.

The groom is a graduate of Warren Township High School and attended the College of Lake County. He is a sales representative for Tritz Beverage Line in Wildwood.

Gear Up For Chili Attack

Pilot Light GREG MELIKOV

Battle stations, battle stations! Chili attack, chili attack!

Clear the kitchen counter. Stay out of the war zone. Get out the big pot. Prepare for action.

Chili attacks are infrequent, but rewarding. It's the time to try new strategy on friendly forces. Some of the old techniques, however, remain in the battle plans:

Use beef suet instead of oil to produce the grease to brown the meat with.

Mix the meat, beef and pork.

Sprinkle some chili powder on the meat during browning.

Add a can of beer during cooking.

Stir in some flour midway for thickening.

Adjust seasonings.

Eat as much as you can without bursting.

Greg's Smooth Chili

several pieces beef suet
2 pounds beef chuck roast, coarsely chopped
1 pound ground chuck
1 pound pork steak, coarsely chopped

3½ tablespoons chili powder
3 garlic cloves
2 onions
1 green pepper
1 can (4 oz.) whole hot or mild green chilies, drained
1 can (28 oz.) crushed tomatoes
1 can (12 oz.) V-8
1 can (12 oz.) beer, opened awhile
1 cup beef broth
½ teaspoon each: cumin, garlic salt, paprika, oregano and sugar
1 bay leaf
2 tablespoons all-purpose flour
3 cups canned or cooked beans (optional)

In large pot, lightly brown suet on medium heat, swirl around and discard. Add beef and pork, sprinkle on 1 tablespoon chili powder and lightly brown, occasionally stirring. In blender or food processor, liquefy garlic, onions, green pepper and chilies, stir into pot and simmer 10 minutes. Add 2½ tablespoons chili powder and rest of ingredients except flour, stir, allow to reach boiling, reduce heat to medium low, leave lid ajar and cook three hours, adding flour midway and, if needed, correcting seasonings, occasionally stirring; add a little beef broth if too thick. About 30 minutes before done, add beans and some bean juice for desired consistency, occasionally stirring. Serves a crowd.

Dear Citizens

On Election Day we urge you, the voters of Lake County, to re-elect the people that now hold public office.

These incumbents have upgraded & improved their respective offices, proven themselves to be of integrity & values.

More important, they have not allowed their political activities to influence their job performance. This is good government, at least we know where we stand.

Unfortunately, due to voters indifference & a lower voter turnout (less than 20%), we find that most of the opposing candidates have little or no qualifications to hold public office. Candidates selected by a handful of voters or who were unopposed.

Until our election process yields us a higher grade of candidate we must take the time to find out who we are voting for & what they stand for.

In the interest of good government, we ask that you do your share. Choose wisely on election day.

Grant, Marian To Square Off For Control Of Title Chase

by STEVE PETERSON
Sports Editor

This is the game Northwest Suburban Conference football coaches, fans and players are waiting for.

The contest pits a Grant defense which has surrendered just one touchdown all year against a Marian Central team with an improving offense.

The game, with an 8 p.m. kickoff, is Lakeland Newspapers' Game Of The Week.

"This will be the game of their careers," Grant coach Mike Rogowski said.

Grant comes into the contest at 6-0 overall, 4-0 in league play. Last Saturday the Bulldogs crushed the hopes of another first-place team, Johnsbury, with a 28-6 win.

Marian Central, state Class 2A champions three years ago, comes in at 4-0 in league play, 5-1 overall. The Hurricanes found it rough

going in the first two weeks, but found the tuch against four league foes.

Rogowski said the Bulldogs must keep in mind that the Hurricanes, who beat Grant in a four over-time thriller last year.

broken and started up again," Rogowski said.

The Bulldogs have proven to be an opportunistic bunch this year. Based on a renewed dedication in summer practice sessions, Grant has capitalized on every op-

mistake if we wanted to win. Every mistake cost us. Grant is a great football team. They do everything well," Roberts said.

The first costly mistake came on a spearing call against Johnsbury near the end of the first quarter. That penalty, coupled with an interference call later in the drive, helped set up a six-yard TD run by Kevin Frystak. Frystak scored for the two-point conversion and an 8-0 Grant lead with :43 left in the quarter.

An interception of Husak by safety Marc Borton gave Grant the ball at the Johnsbury 17.

Six plays later, Brad Frystak scored from two yards out. The extra point try failed for a 14-0 Grant lead.

Grant's defense held Johnsbury to four first-half yards rushing in the first half. Although the Skyhawks began to click in the second half, they ended the game with 147 total yards. Through the air, Johnsbury's Husak completed just five of 23 passes for 44 yards.

"We tackled poorly. They have some of the best blocking wide receivers I have ever seen," Roberts said.

Grant opened up a three-touchdown margin early in the third quarter.

Getting good field position again, this time at the JHS 20, it took just four plays before Kevin Frystak scored his second touchdown of the day from a yard out.

Grant's awesome defensive string - which had claimed Jacobs, McHenry, Round Lake, Lake Zurich and Wauconda's offenses previously - ended on the next Johnsbury drive.

The Skyhawks drove 70 yards in 12 plays, using both the run and the pass. Big plays included a run by Eric Mellum on a third and five and a pass from Husak to Chris Bonus on a third and eight.

Husak did the honors from three yards away. The two point conversion try failed and Grant led 21-6 with six seconds left in the third.

Grant answered with a drive set up by a Borton interception.

Quarterback Garry Glauser rambed for 35 yards on the drive's second play, setting up his five-yard run for a touchdown with 1:21 left in the game.

Marian Central coach Don Penza has plenty of respect for the Bulldogs.

"Grant has an exceptional club. They remind me of a couple of teams we have already played. They have speed like Crystal Lake South and size like Round Lake," Penza said.

Penza, who coached his team to a state title in 1983, believes his team put everything together against Round Lake.

"I think in the Round Lake game we finally put it all together for four quarters," Penza said.

In addition to Hartlieb at quarterback, the MC backfield consists of running backs Tony Lawrence and Tom Parcelly, both juniors.

Game Of The Week

"They're only Marian Central; just a good high school football team. It's not like we're playing God our Notre Dame," Rogowski said.

The state-ranked Bulldogs had their defensive string of five shutouts snapped against Johnsbury when quarterback Frank Husak scored from three yards out in the third quarter.

"Now it's time to start another streak. Streaks and record are made to be

ponent's miscue.

"You win football games with the three d's: dedication, discipline and defense," Rogowski said.

Johnsbury coach Mike Roberts came into the contest knowing his Skyhawks could not make any mistakes against Grant. Tentative play in the first half and a costly penalty early gave Grant momentum and a 14-0 halftime lead.

"We could not make a

Psychologically, Grant may have an edge," Round Lake coach Mike Dunn said.

Wauconda coach Fred Loffredo, who coached at Grant in the 1960s, said the Bulldogs have an edge in depth.

"Grant has got some depth. Their quarterback is coming around better. They always were consistent," Loffredo said.

Most coaches agreed Grant is taking a proper mental attitude into the historic matchup.

"Grant has that mental attitude you need," Loffredo said.

Johnsbury's Roberts said one sign of Grant's maturity is a lack of celebrating after the win at Johnsbury.

Coaches Give Edge To Grant

As far as the conquered are concerned, Grant will emerge from its game against Marian Central as the top dog in the Northwest Suburban Conference.

A survey of league coaches' opinions on the contest reveal they believe it will be a close contest but one Grant will win.

"Obviously, Grant has a very strong defensive club. Offensively they can explode and beat you in so many ways," Grayslake coach Harold Jahnke said.

Jahnke said the Hurricanes move the ball more methodically down the field compared to the explosive Bulldog offense.

Johnsbury coach Mike Roberts, whose Skyhawks

fell from first in the conference after losing 28-6 to Grant last week, believes the Bulldogs' tendency to capitalize on mistakes will put them over the top.

"The key in the past, was Marian beat you by capitalizing on your mistakes. This year, Grant has such a high turnover ratio it must be astronomical," Roberts said.

Round Lake, who handed Marian its first loss in NWSC play ever last year, found out about revenge this year. The Hurricanes clubbed the Panthers 32-3 last week in Woodstock.

"Emotionally, they were ready for us.

Carmel Aims To Start Win Streak At Holy Cross

After playing and losing to four state-ranked teams in as many weeks, one might think Carmel football coach Mike Fitzgibbons may be counting on a win against Holy Cross Saturday.

"It might be natural to think that we are in the easy part of the schedule, but I don't think that way. Holy Cross is a good football team and their new coach (Pat Arthurs) is doing a good job with their defense," Fitzgibbons said.

Kickoff is set for 2 p.m. in River Grove.

Carmel, now 2-4 overall but 0-4 in the East Suburban Catholic Conference, won its first two games of the year

against Woodstock and Waukegan East. But then came a tough 3-0 loss to St. Viator and defeats at the hands of St. Patrick, Marist and Joliet Catholic.

In the latest defeat, the Hilltoppers' Memorial Stadium atmosphere, Homecoming and an offense which capitalized on Corsairs' miscues proved too much for the visitors.

"They got the ball on our 11-yard line the first time and the 33 the second time. You can't do that against Joliet Catholic," Fitzgibbons said.

Mike Seneker was a particular thorn in Carmel's side. He scored all four Joliet

Catholic on runs of three, four, 13 and 12 yards.

Carmel trailed 12-0 after Seneker's first two scores, both in the first quarter.

Kurt Hein halved the lead by scoring from two yards out. Hein tallied after Seneker mishandled a punt with 8:59 left in the second quarter.

Seneker scored on TD runs in the third and fourth quarters.

On bright spots, Fitzgibbons pointed to the play of tight end Dan Halverson and tackle Mike Rietz.

The rookie coach said Holy Cross will confront Carmel with a quarterback who likes to roll-out.

JHS, Grayslake Aim To Recover From Defeats

Johnsburg, despite falling from first place in the Northwest Suburban Conference, still can make this fall a season to remember.

The Skyhawks enter the final three games of the football season at 3-3 overall and 3-1 in the NWSC.

The rest of the season for the Skyhawks begins Saturday, Oct. 18 at Lake Zurich.

"I'd hate to be Lake Zurich," Johnsborg coach Mike Roberts said immediately after a 28-6 loss to Grant.

Roberts said he is pleased with the overall progress of his forces.

"We have improved so much as a team. It's remarkable how much we've turned it around," he said.

Johnsburg, now that the league title possibility is over, now shifts its attention

to gaining a winning season. That, too, would be a historic feat. In the nine year history of the school, JHS has had only one year above .500.

Johnsburg had about 1,000 people fill its stands for Homecoming. Grant also filled its stands across the field.

"The community spirit for this team is great," Roberts said.

On Lake Zurich, Roberts said the Bears have been given a bad rap this fall.

"They've played a very tough schedule. They're much better than their record," Roberts said.

Grayslake found that out the hard way, losing 16-7 to the Bears last Saturday.

"We had 131 yards in penalties and had five turnovers. That's enough to stop anybody," Grayslake coach Harold Jahnke said.

The Rams fell to 1-5 overall, 1-3 in league play, by trailing 9-0 after one quarter. They next travel to Marengo to face the Indians on Friday, Oct. 17.

Against the Bears, Grayslake spotted a 9-0 first quarter lead but closed the gap to 9-7 in the third quarter.

Quarterback Mike Langer found Cory Clowers open on a 58-yard pass play.

"Langer threw it 30 yards and Clowers ran the rest of the way. It was a straight fly pattern," Jahnke said.

Lake Zurich scored a fourth-quarter touchdown for the game breaker.

Jahnke said the Rams had good field position in the first half but poor field position in the second.

Marengo is coming off a narrow 11-9 win over Wauconda.

Jahnke said he expects a defensive battle.

Overconfidence, Mustangs Next Opponents For Warren

by STEVE PETERSON
Sports Editor

Warren Twp. High School football coach Reggie Hughes knows there may be one intangible working against his Blue Devils.

That intangible is overconfidence.

"I'm concerned because the kids tend to take weaker teams lightly. We've had that problem in the past, but particularly with this group," Hughes said.

The Blue Devils don't have to reach far back into the record books for lessons on overconfidence as they prepare to face Mundelein in an away game Saturday.

Three weeks ago, Warren came off an overtime upset of Libertyville and stumbled against North Chicago. Just last week, Libertyville, 3-2 coming into the game, was upset by Mundelein 8-7.

"Hopefully, that will show them that anyone can beat anyone else," Hughes said.

Both Warren and Mundelein are coming off wins and are fighting for a better than .500 season in lieu of a playoff spot. Last week, Warren evened its mark at 3-3 with a convincing 19-6 win over rival Antioch and Mundelein's upset victory against the Wildcats was its second against four losses.

Mundelein coach Gary Heifner believes his next opponent is reaching its predicted potential.

"Warren is playing up to its potential that I had predicted. They were one of my picks to win the conference based on the fact

that their entire defense is returning and they played very well as juniors," Heifner said of the Blue Devils.

Against Antioch's Sequoits, Warren held David Wick to a tough 45 yards in 13 carries. The game was one in which Warren used its superior strength on both sides of the line.

"It's a credit to the Warren defense; no doubt about it," Antioch coach Steve Wapon said.

Antioch tried to counter offensively with Chris Polark at quarterback and snaps directly to backs.

The strategy caught Warren off-guard at times, including during a drive at the end of the first half that eventually made the score 12-6. Scott Gouch caught a TD pass from Polark for the visitor's lone touchdown.

"We've used that sporadically throughout the season. We were trying to keep Warren off balance," Wapon said.

Warren's offense scored an insurance touchdown at the outset of the third quarter.

The Devils marched 45 yards in eight plays, with Dave Davis scoring his second touchdown of the night. Davis, before the chilly night ended, chalked up 108 yards in 19 carries.

Warren quarterback Derek Sheldon was five for 10 passing for 104 yards.

Forty of those yards came on a touchdown pass to Sam Diamantopoulos at the end of the first quarter.

"That was our best game

of the year offensively," Hughes said.

"You have to pressure him because he'll go out and find the open receivers," Heifner said of Sheldon.

Hughes said the secondary of Warren may be in for a long day if Mundelein hits the Blue Devils with a passing attack.

"It will be a challenge for our secondary," Hughes said.

Mundelein's offense, while not scoring many points against Libertyville, did enough to keep the favored 'Cats at bay.

"Our offense was really dominant in the first half. We had the ball inside their 20 four times. That kept their offense off the field," Heifner said.

The two teams were tied at halftime, but Libertyville took a 7-0 lead in the third quarter.

Mundelein's opportunistic defense took care of that. An interception with less than a minute left in the game led to the Mustangs' score.

Quarterback Jim Frank found Jeff Geary open for a five-yard toss for the score. Frank then scored the two-point conversion and the defense held.

"They kids played very well. They were intense and aggressive," Heifner said.

In other Saturday NSC games, Antioch hosts Stevenson in its Homecoming game; league-leader Lake Forest hosts Niles North; Zion-Benton hosts Fenton and North Chicago hosts Libertyville.

Young Enjoys Capturing All ACHS Sports On Film

by STEVE PETERSON
Sports Editor

If it's Tuesday, it must be bowling. Or maybe field hockey. Or soccer.

For more than 30 years, Steve Young has been a permanent fixture at Antioch High School sporting events. If the Sequoits are playing, one can count on seeing Young on the sidelines taking pictures for the Antioch News-Reporter.

"Since 1956, I have missed only one football game and no basketball games, home and away," Young said with pride.

In his 30 plus years of following Antioch sports, Young has seen his fair share of mediocre teams, of poor teams and of course the teams which make bids for downstate play.

Young has a special appreciation for the way Antioch fans devote themselves to the Sequoits. Take a certain day in March, 1981, for example.

"We had 47 buses going downstate to the quarterfinals. For miles on the tollway, all you could see was Antioch buses and cars," Young said.

Although the Sequoits lost that game to eventual champion Quincy, it was one of the closest times Antioch has come to grabbing a state championship.

Then there was a certain

basketball game in Cary.

"We were still playing Cary-Grove (in the Northwest Suburban Conference). It snowed so hard there were only nine people on our side and we usually have a lot of people at away games. It took me three and one-half hours to get home that night," Young said.

When young comes to games, he is armed with two cameras and up to nine lenses. In the 1950s when he started, so did the use of 35 millimeter cameras.

"After I graduated, they were still using Argus C-3 and everything on it was mechanical. They've really simplified things now," Young said.

Young shoots both color and black-and-white photos. The ones he does not turn in to the News-Reporter, he gives to the players involved.

"Sometimes because of the position I'm in, I can tell an athlete what he is doing wrong," Young said.

Also because of the position he's in on the sidelines, he can come too close to the action.

"I've been tackled at football games and knocked down at basketball games. But I've gotten some good shots before it happened," he said.

Young, using his experience in watching prep

sports, uses his talents to help coaches. He said he helps coaches by pointing out trends in games.

"It is a heckuva thing what they're doing. The kids are really putting in a lot of effort but they really don't get the recognition," the lifelong Antioch resident said.

Benefits youths get out of participating in sports, Young said, include discipline, working with others, and the ability to take orders.

High school sports, Young said, are simply the most exciting around especially in comparison to collegiate sports.

"In college sports, they're basically trying to get to the pros. In high school, athletes play a sport because it is fun," he said.

Uniform equipment has vastly improved in the last 30 years, Young said as well as medical attention to injuries. Antioch High has a trainer and the Antioch Rescue Squad at all home games.

Panthers Host Wauconda In Belated Homecoming

It may be two weeks late, but Round Lake's football team is still viewing its Homecoming contest Friday night as important.

For if last year's Northwest Suburban Conference champions are to have a winning record, a win over Wauconda is a must.

"The most important game of the year is our Homecoming game. We can still have back-to-back winning seasons. That's important to us and to our seniors," Round Lake coach Mike Dunn said.

Kickoff is set for 7:30 p.m. Round Lake has had the weight of adversity this fall after rising to the top of the conference a year ago. Flooding hit the Round Lake area particularly hard two weeks ago, and the school had to first reschedule then cancel the original Homecoming against Johnsburg-a first.

Dunn said his troops have weathered the storm of a 2-4, 1-3 in conference play, well.

"We like to think we have a fighting spirit that makes us special. The kids have had a great attitude," Dunn said.

Last week, despite seeing his team lose 32-3 to co-leader Marian Central, Dunn

saw some good signs of life.

"I'm enthused because the kids got back to blocking and tackling and playing with intensity. The kids did some good things," Dunn said.

Although the game had all the score of a blowout, the Panthers trailed just 10-3 at halftime. When Damon Horn booted a 27-yard field goal near the end of the first half, Round Lake might of had some momentum.

What really did the Panthers was the play of Marian quarterback Jim Hartlieb. Hartlieb, whose two older brothers play on Big Ten football teams, completed 12-of-16 passes for 141 yards. Steve Lalor caught two of Hartlieb's three touchdown passes with Sean Noonan catching the third.

Offensively, Dunn said he was pleased with the play of quarterback Walter Tesch. Tesch completed five of 18 passes for 62 yards, but Dunn said several were dropped.

On the ground, the Panthers were held to 26 yards in 17 carries, an average of less than a yard per carry.

Sophomore running back Aaron Meeke's performances continue to earn

plaudits from Dunn.

"He's carried the load for us and that's a lot to ask from a sophomore. He has great potential. If he works at it, he could be one of the greatest backs in the history of Lake County," Dunn said.

For Wauconda, the Bulldogs will be seeking their first NWSC win and bring in a 1-5 overall record. The Bulldogs came close in losing to Marengo 11-9 last week.

Wauconda led 9-0 at halftime but let that advantage slip away in the latter two quarters.

Bob Haefke took care of all Wauconda scoring in the first half. He netted a touchdown on a seven-yard run and later booted a 27-yard field goal.

The host Indians closed the gap to 9-8 after three quarters. Kevin Shelton scored on a quarterback keeper from five yards out and hit David Waeghe on a pass for the two-point conversion.

Marengo's Dean Brandt booted a 25-yard field goal for the deciding points in the fourth quarter.

Netters Aim For State Meet Berths

Now that Grayslake's tennis team does not have to worry about catching Lake Zurich, the Rams can turn their efforts to bigger fish.

Like state tournament berths.

That part of the season starts Friday, Oct. 17 and Saturday, Oct. 18 when the Rams compete in the McHenry sectional.

Coach Paul Keller feels his singles players have the best shot at making the coveted trip to Hersey High School and the state meet.

"Our strength will be in singles," Keller said.

Each team fields two singles players and two doubles players in the tournament. Reaching the final round means extending a season.

How Grant Conquered

It all started with a 23-0 win over Jacobs on a warm Friday night in Fox Lake.

From then on, Grant's defense kept all opponent's offenses wondering what happened to the game plan.

Here's a brief overview of how Grant got to be 6-0:

A 30-0 win over McHenry in week two was followed by what at the time was a key league game.

Round Lake, defending

league champs, proved no match as Grant won 27-0.

Wauconda and Lake Zurich proved to be easy foes as well, with the Bulldogs winning 42-0 and 35-0, respectively.

Then came Johnsburg, a team which was at the time in first place. A 28-6 win set up the contest at Grant, Friday, Oct. 17 for control of the NWSC.

Meyers Dips Into His Mailbag For Readers

The Meyers Report

Economic forecaster Gary S. Meyers has been a lecturer and consultant to major financial institutions, government analysts, real estate developers and daily newspapers throughout the nation for the past 16 years. Readers are invited to submit comments and questions for possible use as subjects for future columns. Write Gary S. Meyers & Associates, Ltd., 20 W. Hubbard, Chicago, IL 60610.

by GARY S. MEYERS

This week our readers want to know about picking mutual funds, getting out of the infamous Ginnie Maes and covering bad checks. So, it's back into the Meyers Report mailbag.

Our first question is really four rolled into one.

Q. How do I buy a stock mutual fund—from a stock broker? Should I spread my investment across several funds? Is timing important? Also, am I buying part of an existing portfolio or am I "depositing" funds with a money manager who uses them to buy additional stock shares?—Mike T., Rochester, Minn.

A. Taking them in order:

1. You can buy mutual fund shares from the mutual fund company itself—no broker or other middleman is necessary. However, some people who don't have time to research various funds do use personal money managers or stock brokers to help them select a mutual fund.

2. The average small investor (with less than \$100,000) should select one quality mutual fund—one that will accumulate as much as possible for him in the long run. Do

not be afraid of temporary dips in value, as they represent opportunities to accumulate more fund shares. To spread your money among several funds is usually redundant and potentially wasteful, since it entails additional commission costs.

3. It depends on what you mean by timing. If you are investing for short-term gains (six months or less), then of course timing will matter, right down to what hour of day you choose to buy and sell. However, this can be very risky for amateurs.

If you are investing for the long term, then timing is much less important.

Just try to avoid buying when the fund or the stock market are at record, or near-record, highs.

4. When you buy into a stock mutual fund, you are buying shares of the existing portfolio, and your money may be used to buy new shares of stock.

The value of your mutual fund shares is directly linked to the value of the stock shares purchased by the mutual fund. Thus, the value of your investment will rise and fall according to the value of the overall portfolio.

Q. In November 1985 I made my first investment in anything other than short-term CDs. All told, I paid \$21,248 for 2,000 units of a Ginnie Mae Mutual fund from Paine Webber. The incentive was a double digit return (11.5 percent.) My latest statement indicates an account value of \$20,480, although by September I had received \$1,317.79 in dividends. This is a losing situation, no? Should I redeem my units and go back into CDs?—William J., Easton, Pa.

A. Go back to secure, government-insured savings certificates. Your net gain thus far with the Ginnie Mae fund is \$549.79—a 3.45 percent annual return. This is terrible, even with today's low interest rates.

Don't forget that your principal is being returned along with your interest, so not all of the money you received was dividend. That's one of the reasons your account value is down from the original investment.

"Lower interest rates are hurting your account, because they are encouraging early repayment of the mortgage instruments backing up your investment," said Charles Fahy, manager of the \$100 million PF&R retirement group of Oppenheimer & Co. "Further, higher interest rates won't help either. Higher rates will cause the capital value of your fund to decline as the fund competes with other interest-bearing instruments."

The Meyers Report does not like Ginnie Maes as an investment. Now you know why.

Q. My husband and I had a joint checking account, but because he never recorded the checks he wrote, we kept overdrawing and paying late charges.

I closed the account, and some checks written earlier were presented to the bank after the account was closed. These checks were returned for "insufficient funds," not for "account closed," and thus they were presented two or three times for collection. Can the bank charge me for overdrafts, even though the account is closed and I guaranteed our creditors direct cash payments?—C.A., Salt Lake City.

A. Ouch! Technically, you probably do not owe the bank the overdraft charges, but they probably could sue you anyway. However, on

a practical basis, the likelihood of a suit would be small because it is not worth the bank's trouble to sue for overdraft charges on 10 or 15 checks.

Pay anyway. Even if the bank had communications problems, you (or your husband) were the real cause of the problem, because you did not handle the account well to begin with. A blot on your credit rating and collection efforts by the bank are not in your best interest. Pay the penalties and keep your credit clean.

Q. I know next to nothing about economics, investing or finance. I want to buy cheap stocks. Where can I find them, without going through a broker, and where can I learn the basics about investing?—Steve B., Methuen, Mass.

A. Do not invest in stocks! Do not invest in stocks! And in case you do not understand: Do not invest in stocks!!!

Put your money into a savings account. That way you will not lose a dime. Good savings habits are the best investment you can make and they are the place to start your investment education.

For a more formal education, pay tuition and take some college courses or investment seminars. Your alternative is to pay with broken dreams and a busted bank account.

Stern To Honor Clerk

State Rep. and former Lake County Clerk Grace Mary Stern will host a "Re-Elect the Clerk" party at her home in Highland Park on Sunday, Oct. 19, from 5 to 7 p.m. The guest of honor, incumbent county clerk candidate, Linda Hess, will join area supporters for cocktails and a light buffet in this final fundraising event of the campaign.

"I have met so many wonderful people during the past six months, people who have donated time, energy, and money to make this campaign a huge success," Hess stated.

Tickets, which are \$35 per person, may be obtained by contacting Barbara Lumber, fundraising chairman, at (312) 546-1270, or Bob Furtkamp, treasurer, at (312) 872-8167.

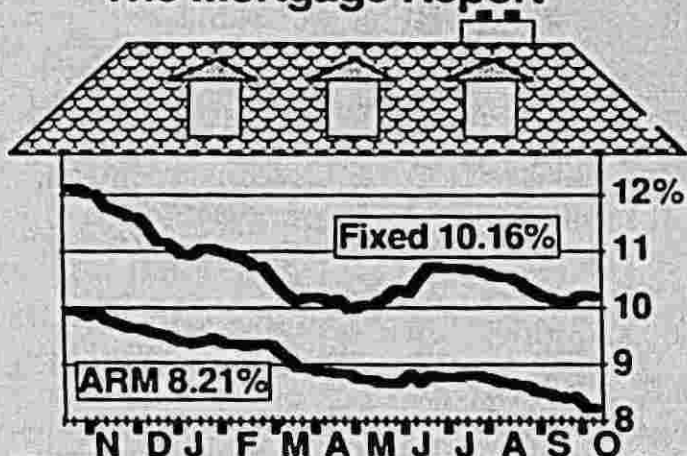

Elect Kemper

James S. Kemper III, of Long Grove, has been elected to the board of directors of National Council on Alcoholism (NCA). Kemper is vice president of the Kemper Group of insurance companies, and a board member of the NCA affiliate Northern Illinois Council on Alcoholism and Substance Abuse since 1983.

Car Phones: Not Just For Yuppies Anymore

by SUSAN MONTGOMERY

It's not just for yuppies anymore.

When the concept of a cellular phone was introduced to the public in the late 1970s, only a very select market could afford to fork over \$3,000 for what was then termed an "expensive toy."

The typical image of one who could afford such a toy was the upwardly mobile male professional in his mid-thirties, usually owner of a BMW or some other classy car and a liberal expense account.

But times have changed, and today's average car phone owners include working moms calling the babysitter at home, the salesman who spends much of his time travelling in his car, and the employee who leaves his or her job late at night with a long drive ahead.

That's the image Mundelein resident Roger Fisher and Larry Sitarz, of Palatine, of Nova Cellular in Broadview are trying to promote.

"The market has changed significantly from the above average affluent buyer who see it as an electronic toy, to the people who really have a need for it," says Sitarz. "The cellular phone is an invaluable tool."

With a starting price of \$9.95 per unit, the cellular phone is becoming even more accessible to a wider market of buyers. Depending on what time of the day a call is made, the cost per call can range from 38 cents to as low as 15 cents per minute.

"As the public becomes more aware of its advantages, we're going to see more and more people buying them. You can be in contact with anyone anywhere in the world in a matter of seconds," he explains.

But the cellular phone is also ideal for parents calling home at that critical hour while caught up in congested highway traffic. "It keeps you in contact with someone," he says.

Sitarz also points to safety as another benefit.

"I think we're seeing CB radios used less and less for distress calls. You don't want to alert everyone that you're in trouble and tell them where you are."

"What consumers need to know is that the phone has different functions and monthly costs are as inexpensive as your own home phone," Sitarz says.

Basic features on each model include a memory bank to store phone numbers and the ability to "roam" other cellular frequency areas.

"What happens if I go to Milwaukee. My phone would be rendered useless, right? With this phone, I am what they call a roamer, which means I can send calls through a tower in a different cellular area."

"It's a concept. Once you understand the concept, it's very simple. The purpose of a cellular phone is to make you totally mobile," he adds.

Yet, for all its technology, the cellular phone is still only in its infancy and won't peak until they become a standard option offered by car manufacturers," he maintains.

"In 1988, Ford Motors will offer the phone as an option that can be installed during production Cadillac already offers it as an option," he adds.

Cellular One is currently the exclusive servicing agent for cellular phones installed by Ford. In the Chicago area, Nova Cellular has only one other competitor offering the similar services.

So how does one know which service to select?

"You don't really. You look at what each company offers. We're able to take care of all aspects of a consumer's needs. We provide

the line service, the equipment and equipment service.

To show consumers what Nova Cellular provides for its customers, Sitarz and Fisher have begun using a videotape demonstration to highlight different features.

"We have something in a variety of price ranges. The consumer should look for equipment that suits his needs and price range," Sitarz says.

Founded in January, 1985, Nova Cellular already has 1,800 subscribers and offices in Broadview, Glenview and Palatine, but neither Fisher nor Sitarz are ruling out the possibility of expanding their services.

"We're looking at Naperville as a next possible location. Our goal in two years is to have 8,000 subscribers," says Sitarz.

Car Phones: As Mobile As You Are

Whether a salesperson, working parent, or upwardly mobile professional, cellular phones are appealing to a larger market these days as equipment and service costs are drastically dropping. Larry Sitarz of Nova Cellular demonstrates how simple using the phone can be. The phone's "hands-free" option allows drivers to talk into a microphone while keeping their hands on the steering wheel. Prices start as low as \$9.95. — Photo by Sue Montgomery.

Illinois Flood Victims

To Montgomery Ward customers who have CSP Credit Insurance: In case your copy of our CSP Certificate is missing or destroyed, you are protected under "Perils Insured" as follows:

We cover direct and accidental loss to insured personal property caused by: fire, lightning, windstorm and hail, riot, riot attending a strike, and civil commotion, smoke, aircraft and vehicles, explosion, vandalism and malicious mischief, flood,

earthquake, marine perils, while on ferries and/or transfers in connection with land conveyances, including collision, and burglary (of which there must be signs of forcible entry).

THIS IS ONLY A BRIEF SUMMARY. IF YOU HAVE A BALANCE ON YOUR MONTGOMERY WARD CREDIT ACCOUNT, AND WANT TO SEE IF YOU QUALIFY FOR CSP "PERSONAL DISASTER RELIEF" CALL THE TELEPHONE NUMBER LISTED BELOW. WE WANT TO HELP—RIGHT NOW!

SPECIAL INSTRUCTIONS FOR

Illinois Flood Victims

HERE'S HOW TO FIND OUT IF YOU ARE ELIGIBLE FOR CSP "DISASTER RELIEF"

CSP stands for Credit Security Plan—low—cost insurance protection available only to Montgomery Ward credit customers.

If you have CSP here is how it can help you right now:

1. As advertised: "If anything you bought on your Montgomery Ward credit card is damaged or destroyed by fire, flood, lightning, windstorm—any of 19 perils—CSP pays for replacement or repair."
2. Your possessions are covered under CSP for up to three years from the date you purchased them from us. As long as you have a balance to pay—no matter how small—you are covered up to the highest amount on which you've paid a premium!
3. CSP has no "deductible". Unlike auto or homeowners insurance, CSP has no deductible which is subtracted from the amount you can collect on your policy.
4. CSP doesn't believe in "depreciation". For example, if the refrigerator you bought from us two years ago cost \$700 then and \$850 now—under CSP you'll get the \$850 refrigerator.
5. Call right now if you have CSP protection and keep calling if the line is busy. Simply ask for a claim form to report the extent of your damage or destruction of anything you were buying on credit at Montgomery Ward and we'll quickly determine your claim and pay all benefits you are entitled to.

CALL
(312) 620-3500

NOTE: CSP protection covers a broad range of personal disasters.

You may be covered under CSP for up to \$5,000!

Besides property damage caused by natural disasters, have you suffered any of these losses?

Mr. Miller was an honorary member of American Legion Post No 1170 of Round Lake Park, and was a disabled delivery truck driver for Baxter Travenol, Round Lake.

Survivors include his wife, Marion (nee Turner); two step-daughters, Hazel (Michael) Doyle of Grayslake, and Nancy (Douglas) Copeland of Delavan, Wis.; two step-sons, Daniel (Sheree) Olsen of Bronso, Fla. and Jeffrey (Belinda) Olsen of Round Lake Heights; 12 step-grandchildren; and one step-great-grandson; two brothers, Robert (Dori) Miller of Austintown, Ohio, and Pete Vukich of Butte, Mont.; five sisters, Rose Davis, Caroline Mullen, both of Youngstown; Mildred Jaroneski of Altonia, Pa.; Lillian Lawson and Marie Harver of Girard, Ohio.

Robert Ryan

Funeral services for Robert Ryan, Sr., 56, of Round Lake Beach, were held Tuesday, Oct. 14 at K.K. Hamsher Funeral Home in Fox Lake.

Mr. Ryan died on Friday, Oct. 10 at his home. He was born on April 1, 1930, in Illinois, and had been a resident of Round Lake Beach for the past 14 years. He recently retired from the College of Lake County where he had been employed as a custodian.

Survivors include his wife, Jeannine (nee Gravelle); two sons, Robert Ryan Jr. of Libertyville, and Dan (Kathy) Ryan of Round Lake Beach; two daughters, Kathleen Pettis of Round Lake Beach and Susan (Robert) Redfield of Round Lake Beach; six grandchildren; one brother, James (Pearl) Ryan of Wisconsin; one sister, Katherine (Hank) Danis of Chicago.

Internment will be at Ascension Cemetery in Libertyville.

Martha Samborski

Funeral services with Mass of Christian burial for Martha H. Samborski, 72, of Salem, were held on Saturday, Oct. 11, at St. Scholastica Church in Bristol.

Mrs. Samborski died on Wednesday, Oct. 8, at Kenosha Memorial Hospital. She was born on Dec. 19, 1913 in Chicago, and moved to Salem in 1947. She was a member of St. Scholastica Church in Bristol and the Ladies Auxiliary of the VFW Post at Silver Lake. She was employed in the sales department at Pickard China Co., Antioch, for 20 years before her retirement.

Survivors include two sons, Frank of Denver, Colo., and Gary of Salem; eight grandchildren and two great-grandchildren. She

was preceded in death by her husband, Ted S. Samborski and a son, Leo.

Internment was at Liberty Cemetery in Trevor.

Alphons Lutz

A Mass of the Resurrection for Alphons Lutz, 89, of Round Lake Heights, was celebrated on Wednesday, Oct. 15, at Santa Maria del Popolo Church in Mundelein.

Mr. Lutz died on Sunday, Oct. 12, at Condell Memorial Hospital. He was born on Aug. 25, 1900 in Chicago, and was a retired carpenter.

Survivors include one daughter, Patricia (Louis) Glatz of Mundelein; two sons, Robert (Carol) of Lake Villa and Clarence of Waukegan; 13 grandchildren; seven great-grandchildren; one sister, Madeline Peeler of Mt. Prospect; one brother, Joseph (Joan) of Tucson, Ariz.

Internment was at St. John's Cemetery in Johnsbury.

Barkhausen Bill Saves 175 Jobs

A 30th Dist. printing company's business is protected and jobs of 175 employees saved as a result of a measure sponsored by State Sen. David N. Barkhausen (R-Lake Bluff) and signed into law by Gov. James Thompson.

Barkhausen said a House of Representatives bill designed to allow other states' lotteries to advertise in Illinois was amended to prohibit Illinois firms from printing tickets and materials for out-of-state lotteries. "Response Graphics, a Mundelein firm, specializes in printing tickets for lotteries in other states, and this quite literally would have put the firm out of business," he said.

Barkhausen proposed another amendment permitting Illinois businesses to print materials for out-of-state lotteries, and it was ap-

proved by the General Assembly and more recently by the governor.

"Response Graphics, which already employs more than 175 people and expects to expand, can now continue to operate and build its business and its payroll as it wins more printing jobs for lotteries in other states and Canada," Barkhausen said. "It would have been a real blow to the district to lose this up-and-coming business."

Barkhausen pointed out that Illinois Lottery tickets are printed by a firm in New Brunswick, N.J. "It would have been ridiculous to outlaw printing of other states' lottery materials here in Illinois, when we go out of state for our Illinois State Lottery tickets," he observed. "There is no logical reason to ban printing of tickets for legitimate lotteries."

Open Lands Project To Honor Graham

Open Lands Project will honor Libertyville Twp. Sup. F.T. "Mike" Graham for his outstanding contribution to land preservation at its annual meeting Monday, Nov. 3, at noon at the Chicago Yacht Club.

Graham will be recognized by Open Lands Project for his innovative efforts in creating and promoting the Libertyville Twp. Open Space Referendum which resulted in last November's historic voter approval of Illinois' first township open space district. Voters also approved a \$22.6 million bond issue to implement the referendum. The funds will be used to preserve over 4500 acres for public open space.

Libertyville Twp. Supervisor since 1969, Graham has received the Environmental Quality Award from the U.S. Environmental Protection Agency and has served as chairman of the county board's planning and zoning committee, on the land acquisition committee of the Lake County Forest Preserve Dist., and on the Northeastern Illinois Planning Committee.

Open Lands Project is a 23-year-old non-profit organization working to preserve public open land in northeastern Illinois to

create a healthy environment and provide recreational opportunities for the region. According to Open Lands' president James Fox, "voter ratification of this referendum was an historic event for land preservation in Illinois. It demonstrates growing public awareness of the need to protect the diminishing open land resources available to us."

Seek Shelter

Over 12,000 women and children will seek shelter and support services this year from the Illinois Coalition Against Domestic Violence and A Safe Place. It is estimated that this represents only one-third of the victims who need these services.

It's something you do together...for each other.

Setting up a funeral trust fund is a practical way for a husband and wife to protect each other from unexpected expenses in times of grief...and it's a good hedge against inflation. At no obligation, we can provide you with complete information about funeral trust agreements. Call us today.

Will 'Bingo Bill' Come Back From Retirement?

by JOHN STEINKE
Political Columnist

My only friend, Bob Townsend, has warned me to stop writing columns on County Clerk Linda Hess' reelection campaign. He characterizes these literary pieces as "the most boring political stuff ever written in the history of journalism." Townsend complains that he will slip into a permanent coma if I pen another analytical article on the Hess-Litwiler race.

I think you're probably right, Bobby. So, I will devote my next two columns to acknowledge all the telephone calls, correspondence and gifts that I received from my tiny readership during the past 10 months.

Last New Year's Eve, I was pleasantly surprised to receive a long-distance telephone call from William F. "Bingo Bill" Murphy. "Murph" spent 18 years in the Illinois General Assembly. Without question, Bill Murphy was the finest state legislator ever elected to Springfield from Lake County. Currently, he is attending to his lucrative business interests in the Wisconsin Dells area. "I don't know why people make such a big deal over New Year's Eve, Virginia and I do this every night." Then he

described how he consumed 30 martinis in a single evening, and drove home without crossing the yellow line. No wonder you're my hero, "Murph!"

Then "Bill" Murphy delivered an electrifying message to me. He may dispose of his Wisconsin properties and return to Lake County. Murphy said that he might run for state representative against Incumbent Sir Robert Churchill of Lake Villa Manor in the 1988 GOP primary. Wouldn't the Second Coming of "Bingo Bill" Murphy revitalize Lake County politics?

"Murph," you have my vote and my poison pen at your disposal. Sir Robert Churchill is debating on whether or not he should run for God or President at the next election. I hope that you will involve me in your next state legislative campaign, "Murph".

How about this slogan for your candidacy in the 1988 GOP primary: RETURN A LEGEND, NOT A LAWYER TO SPRINGFIELD? After I sip a couple of Beefeater gin martinis on the rocks with a twist, I always sing these lyrics: "Won't you come home, Bill Murphy? Won't you come home? We'll all vote for you again."

(To be continued)

Reviewing The Files

Illinois Atty. Gen. Neil Hartigan (second from right) takes a moment to confer with his staff during a fundraiser at the Mill Inn in Richmond. Hartigan pledged during an exclusive interview with Lakeland Newspapers that if the Lake County Board takes any action that would preclude them from objecting to a Waste Management landfill in central Lake County, his office would involve itself on behalf of citizens.—Photo by Charles Johnston

Seeks Judges

The County Clerk's office is always looking for people interested in becoming election judges, reports Lake County Clerk Linda Hess. "We have almost 400 precincts in the county, and each precinct requires five election judges on election day. That's nearly 2,000 judges necessary for county-wide elections.

"The scheduling of election judges for the Nov. 4 elections began in early September, and already we see we will have a shortage of judges because of prior commitments, some judges have moved out of the county, and various other reasons.

"As this will be one of the largest voter turnouts (second only to the Presidential election) we urge you to help us reduce our shortage by taking part in this very important civil function," Hess asks. "Election judges get paid for serving, but I feel the satisfaction derived from aiding in the election process is most rewarding."

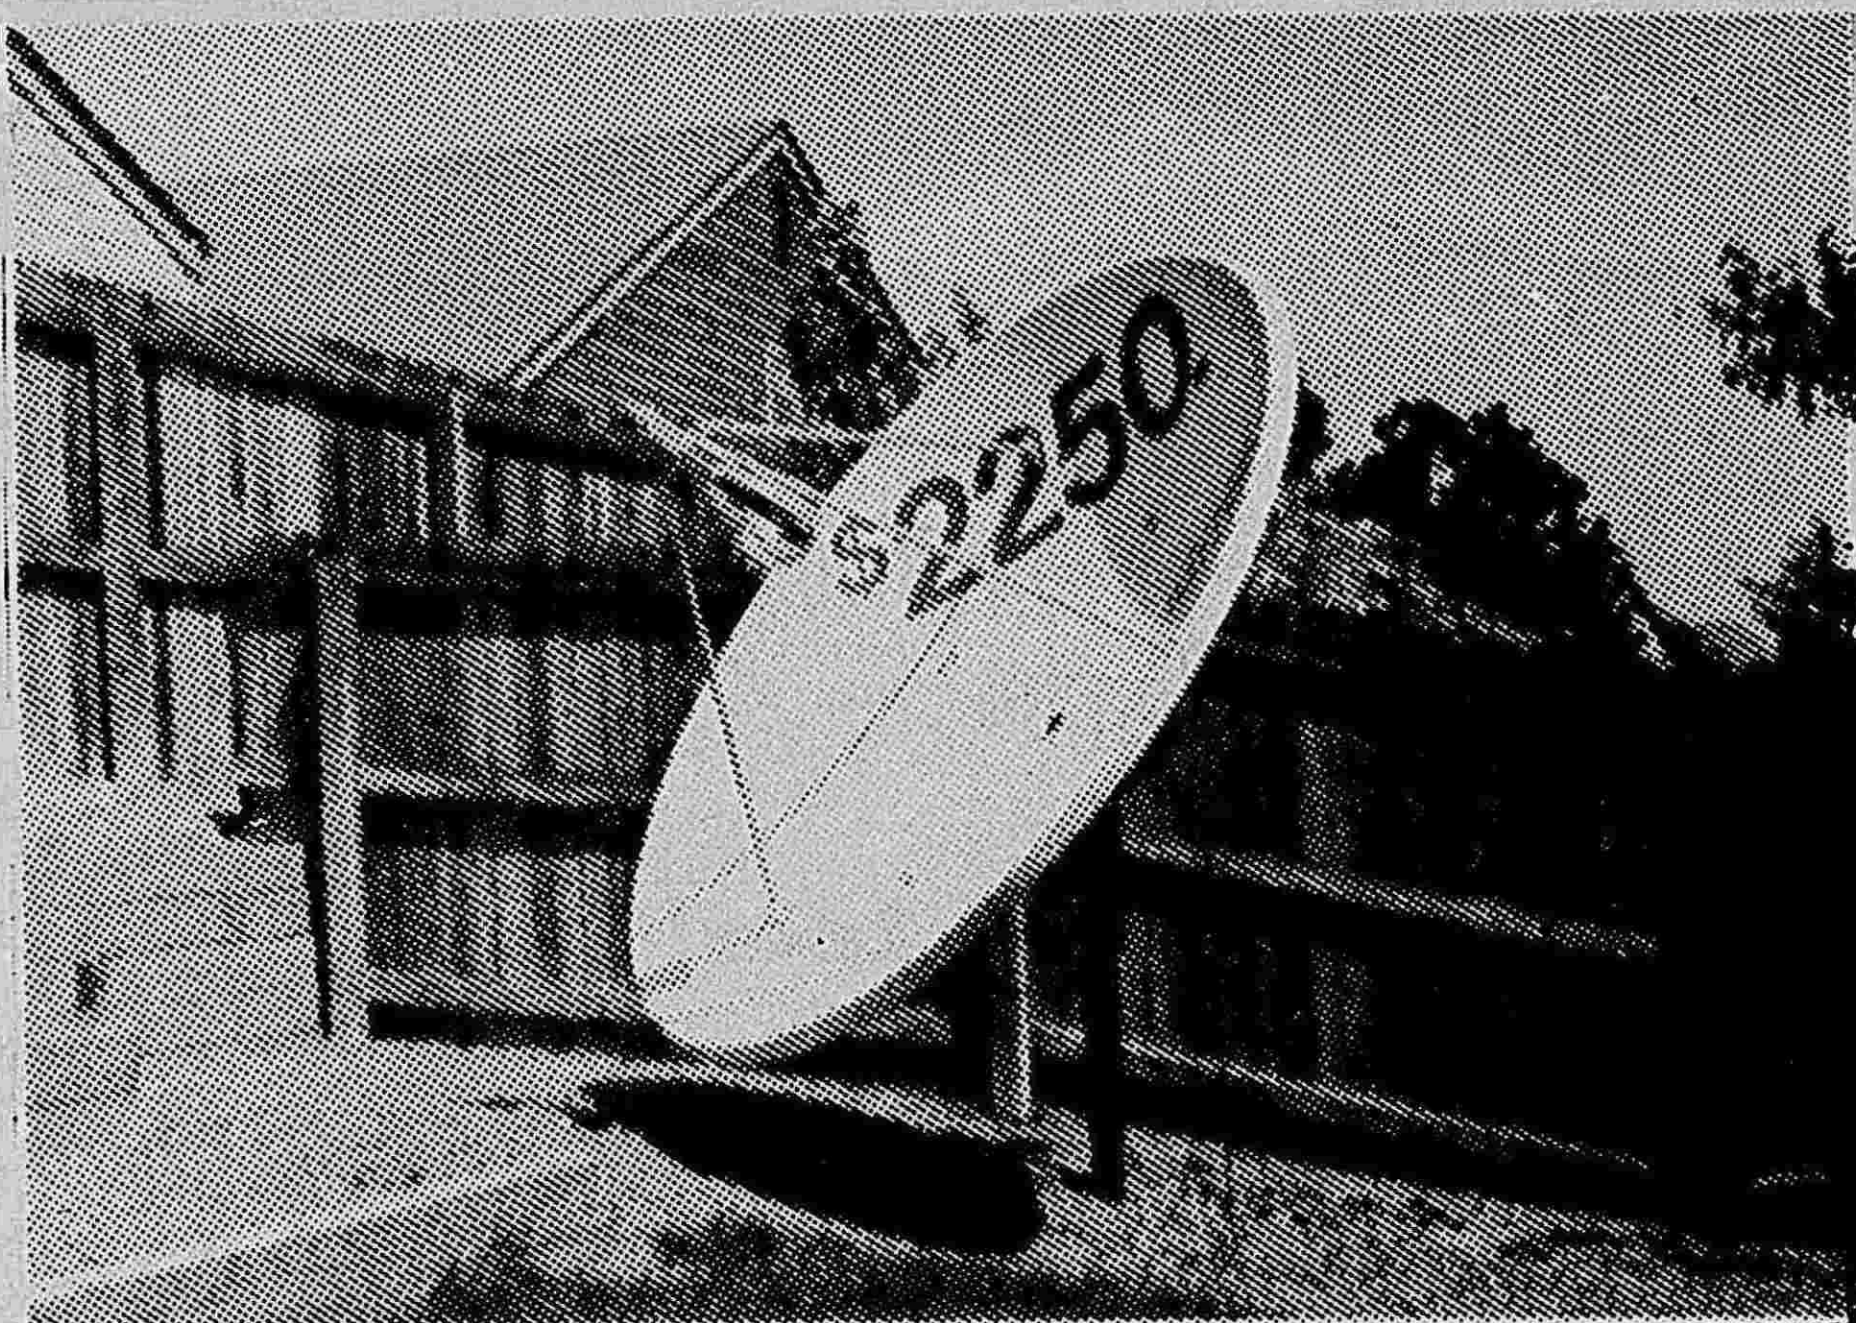

Election judges training is provided by the county clerk's office and conducted by College of Lake County instructors. Judges are paid for attending the classes.

If you think you would like to become an election judge, please call the office at (312)360-5928 for more information.

CLC Kicks Off Gym Program

The College of Lake County will kick off its Community Gym Program on Friday, Oct. 24. The gymnasium will be open every Friday evening from 7-9:30 p.m. for sessions of basketball, volleyball and jogging. The facilities will be open to everyone high school age and over. A high school ID card will be required for those in school. Each session is 50 cents per person. There is no admission charge for CLC students.

BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK

Before you spend your hard earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services. Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

What does this mean for satellite dish owners?

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment **plus** pay monthly service fees for each channel received.

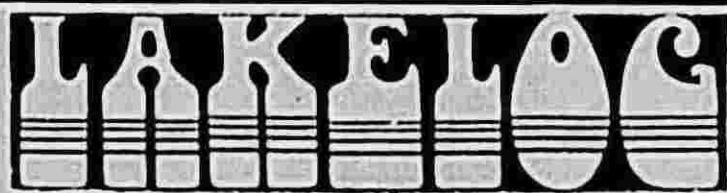

Make your decision based on the facts.

This message is brought to you as a public service by U.S. Cable.

'Of Pure Blood' plunges Lee Remick into mystery

By Wendy Wallace

A return to Germany to unravel the cause of her son's tragic death leads a mother to some disturbing discoveries in **Of Pure Blood** (CBS, Oct. 19).

Lee Remick

Lee Remick plays Alice Browning, a New York professional woman whose return to the country of her birth plunges her in the midst of international intrigue. Browning begins to discover that there are many things about her son's life that she didn't know — including his possible involvement in a secret investigation.

As Browning descends into the nightmare of a past, she finds that the mystery leads back to the Third Reich and the infamous SS Ledersborn program.

Jill Clayburgh makes a rare television appearance as Moira Browning, an art-gallery partner, in **Miles to Go** (CBS, Oct. 21). As the film opens, the happily married mother of two is celebrating the five-year mark of her cancer going into remission. But her life is shattered when her routine checkup reveals that the cancer has returned, and she starts a quiet,

sometimes irrational, campaign to find a replacement for herself.

An Officer and a Gentleman (NBC, Oct. 20) offers some fine performances from an all-star cast. Richard Gere plays Zack Mayo, a streetwise loner who goes to Naval Aviation Officer Candidate School to become a jet-fighter pilot. During the 13 tortuous weeks he is there, Mayo learns the importance of discipline from his encounter with Sgt. Foley, a demanding drill instructor (Louis Gossett Jr. in his Oscar-winning performance), and the importance of love from a local girl (Debra Winger).

Not in the mood for heart-rending movies? Two pre-Halloween specials are being rebroadcast Friday, Oct. 24, on CBS. The first is **Garfield's Halloween Adventure**. In the animated special, Garfield learns a lesson in sharing after his greed takes him off the beaten path — into a comical encounter with gremlins, goblins and pirates.

The spirit of Halloween again bewitches the "Peanuts" gang — especially Linus, who takes up his post in the pumpkin patch to await the elusive, magical jack-o'-lantern that has become Halloween's Santa Claus symbol in the second special, **It's the Great Pumpkin, Charlie Brown**.

And the Emmy-winning **Best Dramatic Series**, **Cagney and Lacey**, gets a new officer on Oct. 20. Robert Hegyes makes his series debut in the recurring role of Manny Espino, a street-smart detective.

Week of
Oct. 19-25, 1986

Bono's Astro-View

By Lillian Bono

ARIES
(March 21-April 20)
Do not use histrionics when attempting to initiate a new project. Get major points across with little effort.

TAURUS
(April 21-May 20)
It is a good time to request additional space for your activities on the employment scene. Superiors should be yielding. Look for more room to work in.

GEMINI
(May 21-June 20)
Do not start destroying old structures. What you tear down today, you may have to rebuild tomorrow. Make sure you salvage all that you can.

CANCER
(June 21-July 22)
You may receive a very tempting and lucrative offer. It may not be lucrative enough to warrant the changes you'll have to make.

LEO
(July 23-Aug. 22)
You will gain useful information early in the week. Though you may be tempted to use the information, restrain yourself. Spend a little time analyzing before you begin applying.

VIRGO
(Aug. 23-Sept. 22)
Matters concerning money are of primary importance. Inclined to procrastinate, you must deal with these issues sooner or later. This is a good time to reassess your financial situation.

LIBRA
(Sept. 23-Oct. 22)
A chance to increase your popularity comes at a social gathering. Accept an invitation to join in the activities. Take advantage of the opportunity.

SCORPIO
(Oct. 23-Nov. 22)
What appeared to be an obstacle to your success proves to be an asset. Wait out the situation and your progress will be made.

SAGITTARIUS
(Nov. 23-Dec. 21)
You need to organize and regroup this week. Review your schedule to include all of your responsibilities. More orders are needed.

CAPRICORN
(Dec. 22-Jan. 19)
Insist on a definition of terms before you agree to take on further duties. You will be attracted by more responsibility. But don't accept it until it is short.

AQUARIUS
(Jan. 20-Feb. 18)
Cautiousness or the lack of it makes the difference this week. Make sure that you are prepared for a change if you are ready for it. You will adapt well.

PISCES
(Feb. 19-March 20)
Your voice will be heard loud and clear. All barriers are down when it comes to communication. Even your enemies will lend an ear.

Brash Nash Remembers His Roots In Antioch

Lakeland Newspapers celebrates the 100th year of continuous publication of the Antioch News-Reporter this week. In celebration of that event, we have included several articles involving Antioch history in this week's paper. The following is one of them.

by BILL SCHROEDER

Jay Robert Nash III, one of America's most prolific authors, honed his writing and reporting skills as a young Antioch News editor in the early 1960's.

As just plain Jay Nash—budding newspaperman—he quickly established himself as one of the paper's most colorful editors in 100 years of existence.

Today, Nash continues to write, often at stretches of more than 20 hours and until he is exhausted, producing book after book on his best known and most loved subjects, crime and the movies. He has 50 titles to his credit, along with countless articles, a growing list of screen plays and volumes of resource material.

Along with his back-breaking writing schedule, Nash squeezes in frequent appearances on national television talk shows, book store autograph sessions, and time with the newest member of the Nash household, Jay Robert IV, age two, plus running a burgeoning publishing business. "I finally joined the enemy," cracks the diminutive expert on famous crimes of the past century about his new role as a publisher.

Nash took time out from his hectic schedule to reminisce about life in Antioch circa 1961-62 when he arrived from other reporting jobs in the east and Milwaukee to take over the editorial reins for the late Margaret Gaston, publisher. Antioch experiences came back easily as Nash relaxed in his home on Chicago's lake front that also houses the headquarters of his publishing company, Cine Books, Inc., with 18 full-time employees.

"I remember vividly my first day on the job in Antioch. I hadn't been at my desk 20

minutes when this big guy wearing a rain slicker and rubber boots slams a huge fish on my desk. Spray and papers flew in all directions. The darned thing was still twitching when he growled, 'I just caught the biggest fish ever taken out of Lake Catherine. I think I oughta have my picture in the paper.' He looked kind of mean," Nash recalled, "so I took his picture and wrote a story."

Nash chuckled about the incident, mentioning that fish usually aren't thrown at writers until people know them better.

Despite his bantam stature, Nash always has been willing to take on all comers. His nature can best be described as feisty. Jay walks and talks like the late James Cagney, his all-time favorite movie actor. Whether this is intentional or natural isn't known, but his "you dirty rat" spirit is never forgotten.

With this outlook and a style of dress patterned after his favorite author, F. Scott Fitzgerald (two-tone oxfords, wide-bottomed trousers, a peaked tweed cap), Nash easily established a reputation in Antioch, which he remembers as a "nice town, a well-to-do town."

"Oh, I enjoyed Antioch and my job. I only planned to stay for three months and I stayed a year. I guess when I left, people were relieved. I know Mrs. Gaston was. Some of the people thought the town wasn't big enough for me," Nash said he put the lie to that notion when he moved on to another newspaper job in a small town near Rockford. He worked there before moving to Chicago where he finally started doing what he always wanted to do—write books.

One of his accomplishments in Antioch was learning how to operate a Linotype when typesetting still was done by machine rather than computer.

Nash had no difficulty recalling names of news sources and long ago friends in Antioch. Jay remembered a crush he developed on an attractive dental

assistant. "I fabricated cavities so I could go to the dentist and see her. I finally got a date with her. When we went out she told me I was wild and crazy."

"Bill Brook (banker William Brook of State Bank of Antioch) advised me to devote my energies to business instead of writing." As a rambunctious youth, Nash mentioned that people were always telling him where to go. "It never bothered me, though, not after three years in the government intelligence service. I could take care of myself."

Oldtimers around town still remember the winter night that Jay Nash demolished the Antioch News vehicle when it turned over on an ice patch east of town off Rte. 173. "Everyone thought I was driving too fast. I was only going 20 mph. The thing had bad brakes. It was lethal. I had to kick out a window to get out, separated my shoulder." Nash related the incident in detail to correct the notice that the wrecked vehicle cost him his job. "Naw, that didn't do it. I left town on my own."

Despite the death of his first wife, time has been kind to Nash. His interest in crime and criminals has given him a niche in history. "Bloodletters and Bad Men," an anthology of murderers and rogues beginning with Pilgrim times has been circulated to nine million copies. Nash has the dubious distinction of being the recognized expert on the life of John Dillinger, notorious bank robber of the '30's. Next year a film script built around

intrigue on the Orient Express will be made into a motion picture.

To illustrate the vagaries of a writer's career, Nash pointed out how his biography on the late FBI chief J. Edgar Hoover, "Citizen Hoover," languished for 13 years because Hoover's death occurred the same day the book was published. "Now, Paramount plans to use the book as a basis for a new tv series. I got a \$10,000 advance for the thing I figured was a flop."

At 49, Nash feels that he's in his prime. He is excited now about a 10 volume, 15 million word history of motion pictures. "I've always been a movie buff. This will be great. Every movie ever made will be included." Showing that he was able to combine business sense with writing, Nash pointed out that 30,000 sets at \$750 each will be produced for libraries alone. Still, he considers past and future books on crime his "bread and butter."

As for the future, Jay Nash sees only more writing on the horizon.

"I love to write. I don't believe in this bunk about 'writer's block.' That's an excuse for no-talents and lazy writers. When it's time to write, I'm always anxious to get going."

During the brief interlude on looking back, Nash didn't say anything about doing a book on Antioch. Probably because he wasn't asked. You never can tell.

AVON TOWNSHIP ASSESSMENT ROLL FOR 1986

OFFICIAL ASSESSMENT LIST:

This publication is the official notice to property owners of the 1986 changes in assessed value of land and improvements in the Township of Avon. The 1986 assessments as published herein are those determined by the Assessor and/or the Supervisor of Assessments.

It is the duty of the Assessor to assess all taxable property on a uniform basis of valuation so that the assessed values of the various properties are a just and equal assessment of such properties according to law.

The assessment roll recording the values of property determines only the distribution of the total tax load among the individual property owners. The assessor of the Township and/or the Supervisor of Assessments has no control over the amount of taxes levied, nor the public expenditures. The amount of these assessed values does not determine the amount of your tax bill. The established tax rate does that. The Assessor does not make the rate; he merely finds the value of your property.

EQUALIZATION

The following printed assessments, as well as all other assessments in the Township, are shown at 33.33% of market value, having been equalized to that level by the Supervisor of Assessments, who has applied a factor of 1.0170 to all values except those assessed under the provisions of Secs. 20e, 20g-1, and 44.1 of the Revenue Act of 1939, as amended.

To determine the market value of your property, add the total of the land and total of the buildings and divide the result by 0.333. If it appears that the resulting number is higher than the market value of the property you may be over-assessed. If the resulting number is less than your opinion of market value, the assessment may be low.

ARRANGEMENT OF LIST

If you live in an incorporated area (city or village), your property is listed under the name of your city or village which will be in alphabetical order. Each street within the city or village is also arranged in alphabetical order. Property owners living on the same street will be listed as follows:

First-vacant property or improved property with no street number

Second-property with street number listed in numerical order (may be approximate)

If you live in an unincorporated area the property is listed alphabetically by post office and street name. Then, property without street numbers will be listed first followed by numbered properties in numerical order.

INFORMATION ON ASSESSMENTS

Any property owner who has any question in regard to the assessment of his property should call the local Township Assessor's office. This publication does not reflect reductions for Homestead Exemptions or disabled Veterans Exemption. Note that land value and improvement value appear separately and should be added together to arrive at a total assessed value. Certain of the values published will have been reduced by the Homestead Improvement Exemption, which under present law the reduction in assessed value could be as much as \$10,000 below the actual assessment. These values are subject to a State adjustment factor certified to the County Clerk by the Department of Revenue. Any property owner who objects to the amount of his assessment should file a complaint in writing with the Board of Review from June First to September 10, 1986, or until thirty (30) days after publication, whichever is later. Complaint forms may be obtained by telephoning 360-6609 or by written request to the Supervisor of Assessments, County Building, Waukegan, Illinois 60085-4339.

Questions regarding the grid system used in determining address numbers should be directed to the Lake County Map Department, whose telephone number is 360-6373.

ORDINANCE NO. 86-0-24 **AN ORDINANCE AMENDING THE TOTAL** **SIDE YARD REQUIREMENTS IN THE R3B** **AND R3A ZONES, TABLE 2 OF SECTION** **203 OF THE GRAYSLAKE ZONING** **ORDINANCE, BEING ORDINANCE NO.** **77-0-26, AS AMENDED**

WHEREAS, notice was heretofore published in the Grayslake Times on August 21, 1986, that a hearing would be held before the Zoning Board of Appeals of this Village on the 9th day of September, 1986, for the purpose of considering the reduction from 20 feet to 16 feet of the Total Side Yard required in the R3B and R3A zones for residential use, Table 2, Section 203 of the Grayslake Zoning Ordinance, Ordinance No. 77-0-26, as amended; and

WHEREAS, said Zoning Board of Appeals held a public hearing in said Village as specified in said notice for amendments as aforesaid and the witnesses were duly sworn upon oath and examined at said hearing, and pursuant to said hearing the Zoning Board of Appeals has made its report and recommendation thereon, to the President and Board of Trustees of said Village; and

WHEREAS, the President and Board of Trustees of said Village, after due investigation and consideration of said report, which report is on file in the Office of the Village Clerk of this Village, and by reference is hereby made a part hereof, have determined that the nature and extent of the public interest to be subserved require enactment of the amendments hereinafter detailed.

NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF GRAYSLAKE, LAKE COUNTY, ILLINOIS:

SECTION 1. ZONING AMENDMENT. The Grayslake Zoning Ordinance, being Ordinance No. 77-0-26, dated August 15, 1977, as amended, is hereby further amended to reduce the Total Side Yard required in the R3B and R3A zoning classifications for residential use from 20 feet to 16 feet by the amendment of Table 2—LOT AREA, YARD, AND BULK REGULATIONS of Section 203 as follows:

ZONE	USE	YARDS
		Total Side
R3B	Single-Family Dwelling	16'
R3A	Single-Family Dwelling	16'

Footnotes to Table 2

6. For single family dwellings with attached garages in subdivisions platted and recorded on or before the effective date of the Grayslake Zoning Ordinance, Ordinance No. 77-0-26, required total side yards may be reduced to 20% of the lot width, with a minimum side yard dimension of 10% of the lot width, but in no case shall any side yard be less than six (6) feet.

SECTION 2. PRESERVATION. That except as specifically amended herein for single-family dwellings in the R3B and R3A zone, total side yard requirements and footnote 6, all in reference to Table 2 of Section 203, the Grayslake Zoning Ordinance, being Ordinance No. 77-0-26, dated August 15, 1977, as amended, shall remain in full force and effect.

SECTION 3. NUMBER OF ORDINANCE. That this ordinance shall be in full force and effect from and after its passage, approval and publication as required by law, and shall be designated Ordinance No. 86-0-24.

The foregoing ordinance was adopted by a vote as follows:

NOTICE OF PUBLIC HEARING OF ZONING BOARD OF APPEALS OF VILLAGE OF ANTIOCH, LAKE COUNTY, ILLINOIS

TO WHOM IT MAY CONCERN:

A public hearing will be held by the Antioch Zoning Board of Appeals on Wednesday, November 5, 1986 at 8:30 P.M. in the Village Hall, 874 Main St., Antioch, Illinois 60002, on "An Ordinance to Amend Sign Code Ordinance Sections 97.22(G), 97.30(G) and 97.30(K) as follows:

WHEREAS, the Board of Trustees of the Village of Antioch has determined that an amendment is necessary to Sections 97.22(G), 97.30(G) and 97.30(K) of the Sign Ordinance of the Village of Antioch for the reason that continuity and beautification of the Village of Antioch has not taken place because of the number of billboards placed in and around the Village creating a gapers block and an unsightly condition within the Village.

NOW, THEREFORE, BE ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, COUNTY OF LAKE AND STATE OF ILLINOIS, as follows:

Section 1: That the following paragraph shall be inserted in Sections 97.22(G), 97.30(G) and 97.30(K), as amended:

"That prior to any signs being erected under the provisions of Sections 97.22(G), 97.30(G) and 97.30(K), a permit must be obtained from the Board of Trustees of the Village of Antioch. The Board of Trustees shall have absolute authority to hold said application for permit for a period of no greater than 30 days. The Board of Trustees shall have authority to reject said permit should said signs, in their opinion, be erected in such a manner as to be offensive, obnoxious, unsightly or be located in such an area as to interfere, in their opinion, with the traffic flow on the streets and highways of the Village of Antioch."

Section 2: Any prior provisions of the Antioch Village Code of Ordinances that are in contradiction of any of the terms and conditions of this amendment, then this amendment shall take precedence.

Section 3: If any section, paragraph or part of this Ordinance is, for any reason, held to be unconstitutional or invalid by any final court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance.

This Ordinance shall be in full force and effect from and after its passage, approval and publication in pamphlet form as provided by law.

PASSED AND APPROVED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, LAKE COUNTY, ILLINOIS, this 16th day of October, 1986.

**NOTICE OF PUBLIC HEARING
OF ZONING BOARD OF
APPEALS OF VILLAGE OF
ANTIOCH, LAKE COUNTY,
ILLINOIS**

A Public Hearing will be held by the Antioch Zoning Board of Appeals on Wednesday, November 5, 1986 at 8:00 P.M. in the Village Hall, 874 Main St. Antioch, IL. 60002.

Petitioner: The Antioch Plan Commission Amendment to Zoning Code: Under the present classification of Multiple-Family Dwelling, and more particularly, Chapter 150.076 Paragraph F entitled LOT AREA of the Zoning Code of the Village of Antioch, the first sentence of said Paragraph F reads as follows:

"Every building hereafter erected or structurally altered as a multiple-family dwelling, apartment, or row dwelling or more than two dwelling units shall provide a lot area per dwelling unit of not less than 3,000 square feet."

Whereas, the Plan Commission has determined that said square footage area is unrealistic in light of the changing demands for rental units, to-wit, the size of the family, the single householder, the married couple without children. WHEREFORE, the Antioch Plan Commission wishes to amend the Village Ordinances, more particularly, the first sentence of Paragraph F of Chapter 150.076, to read as follows:

"Every building hereafter erected or structurally altered as a multiple-family dwelling, apartment, or row dwelling of more than two dwelling units shall provide a lot area per dwelling unit of not less than 2,500 square feet for one (1) and two (2) bedroom apartments and 3,000 square feet for three (3) bedroom apartments."

All persons desiring to appear and be heard thereon for or against said petition may appear at said Hearing and be heard.

Dated this 13th day of October, 1986.

Change in Classification: The hereinbefore described property is part of the redevelopment area on the east side of Main Street and is now classified under the zoning ordinance as B-3 and the Antioch Redevelopment Commission desires a B-2 Zoning for the following reasons:

B-2 is a less intense zoning and the Antioch Redevelopment Commission has determined that the Main Street is generally retail in nature and is not conducive to the more intense uses contained in the B-3 Zoning.

The rezoning would enable the village to create a more comprehensive plan for the sound development of the Main Street area in conjunction with its primary present development as a retail area;

That in order for the Antioch Redevelopment Commission to have better control over the density, uses and other matters contained within that zone, it is necessary to rezone to a B-2 Zone;

That it is in the best interest of the Village and in the property owners that this property be rezoned from B-3 to B-2.

Dated this 9th day of October, 1986. Zoning Board of Appeals, Village of Antioch.

Conducts Awareness Program

President Reagan has declared the month of October National Lupus Awareness Month. The Lupus Foundation of America, Inc., Illinois Chapter, was incorporated in 1973 to unite individuals with lupus for the purpose of education and support. The foundation is conducting an awareness program throughout the state in keeping with its goals, and in conjunction with the Lupus Foundation of America, Inc.

Lupus erythematosus is a chronic disease of the immune system whose cause and cure are unknown at this time. It is serious and can be a life-threatening disease. It is difficult to diagnose as well as treat, and its symptoms vary with each individual, depending on which organ of the body is involved.

Governor Talks Races, Both Horse And Political

by STEVE PETERSON

In less than a month, Illinois legislators will again consider the proposed racetrack for Old Mill Creek.

The proposed racetrack would be built on approximately 700 acres of land in the rural Warren Twp. community.

Legislators return to Springfield for a fall veto session after the November elections.

This summer Gov. James Thompson and Richard Duchois, owner of Arlington Park, announced plans for the track. The legislature, however, failed to pass the necessary reform legislation and the bid failed.

"It was clear that the speaker of the House (Mike Madigan, D, Chicago) did not want groundbreaking to take place in Lake County before election day," Thompson said in an interview with Lakeland Newspapers.

Thompson reiterated his support for the project. If approved, there would not only be a racetrack in Lake County but a new office development at the present site of Arlington Park.

Backers of that proposal point to Duchois' request to the Illinois Racing Board for more than 100 racing dates in 1987. They say it is a good sign that Duchois wants to stay in Illinois and not build on a site in Wisconsin.

One of the points which may become critical is the state's stand on pari-mutuel percentages. According to the package which was not voted on as the summer session ended, the "privilege tax" would be reduced from six to three percent.

The future of the Lake County racetrack was just one topic discussed by Thompson as he prepared to

leave the county after a day of campaign stops, visits to areas hit hardest by the flooding, a rallying session with precinct committeemen and a press conference.

Thompson's visit to the Gurnee-Waukegan area started at the former Wieboldt's Department Store, now home to Viking Junior High and Gurnee Grade School students.

While at the site, Thompson praised local officials, as well as residents' for their efforts during the worst of the flooding. He also conducted a mini "class" for students from a podium in the lower half of the building.

Then it was down the road to the Carlton in Waukegan. There, Thompson, along with attorney general candidate Bernard Carey and a slew of county officials and candidates, announced that Illinois voters would be able to decide on an amendment to the Illinois Criminal Code which would make it harder for repeat offenders to get out of jail on bail.

Thompson, who is running for an unprecedented fourth term as governor, said he is counting on Lake County.

"Lake County was a rock in both of the elections in 1982. Both the original election and the re-count. Four

years ago, I went to bed 240,000 votes behind. This year I want to be ahead," Thompson, referring to his narrow victory over Adlai Stevenson, said.

Polls show Thompson leading Stevenson by a comfortable 20-percentage points. And that's what concerns the governor.

"We know the history of Republican voters in off-year elections. They have a tendency not to come out and vote. The enemy is apathy," Thompson said.

The incumbent said the party has spent funds calling potential GOP voters. He told a roomful of loyalists that the key time will be the 13 hours of election day.

"We have redoubled our efforts and you have to redouble your efforts. Part of it is motivation. It is up to us to motivate the people and get them to vote. You have to turn intentions to acutality," he said.

Thompson said now is the time when politics interests the voter.

"We live and breathe politics but this is the time when the average voter gets interested," he said.

Then it was off to stump the state for the remaining 26 days before the voters decide Thompson's fate again.

Residents Plan For Antioch Homecoming

Notes & News

by CAROLYN HAMMOND
(312) 395-4081

Things finally started to get back to normal in Antioch this week. "Old man sun" actually made an appearance and stayed around for a while. Threats of a rainy weekend caused a few worries for those with

weekend plans, but the rain cooperated and waited for nightfall. All things did not go Antioch's way, however. In football, Warren's Varsity Blue Devils knocked off the Sequoits 19-6, but the Sequoit sophomores "made their day" with a 6-0 shutout over them.

The Antioch High School "Marching Sequoits" band also had a very busy weekend with two marching competitions in two days. They traveled to Whitewater, Wis., for the Warhawk Tournament of Bands and then marched and played superbly the following day in a nearly flawless performance at the Fall Fest at East Lyden Twp. High School, thrilling the many Antioch parents

who attended.

It was a thrill of another sort when a "royal court" visited Antioch this weekend to judge the annual Antioch Viking Football Featherweight Cheerleaders' Competition. Appearing were Tammy Krause, Miss Antioch; Michelle Cosky, Miss Lake Villa; Jessica Roe, Miss Round Lake Area; and Judy Logsdon, Miss Libertyville.

Winning first place in the contest were the Seahawk cheerleaders: Mary Anne Stack, Eric Boehm, Sara Garrison, Deanna Kelly, Jenny Wilke and mascots Mandy and Becky Wilke. Second place honors went to the Eagle cheerleaders: Angie Dost, Heather Dost, Laura Tomec, Stephanie Witwicki, and mascot Tiffany Dost. Nice job, girls!

In Viking Junior Tackle

Football, shutout was the name of the game. The Lightweight Traveling team made its season record 6-0 with a 49-0 win over Northbrook. Since it seems to be a building year for the Northbrook team, everyone on the Antioch team had the opportunity to play different positions and be in on the scoring. It was a good team effort.

Another shutout was recorded by the Heavyweight Traveling team beating Northbrook 56-0. Tailback Dale Morgan had a great day scoring four touchdowns with two fifteen yards, one forty yard, and a fifty-five yard run. Fullback Frank Hannigan ran two, five and 26-yard runs to score three more touchdowns. Adam Perry kicked three two-point conversions for six more points, and

quarterback Dan Papadakis converted one more point after touchdown on a pass to end Jack Thompson.

It was basically an overall team defensive effort with both the first string and the reserves contributing to the shutout. The Viking team will home against Fox Lake in a make-up game Sunday, Oct. 19 at Antioch High School. Starting times are Heavyweights, 12:45 p.m. and Lightweights, 2:30 p.m.

In Featherweight Viking football, the shutouts continued—some for Antioch, some against. The lack of practice seems to make a difference. Weather and poor field conditions limited practice to four times in three weeks. It was McHenry No. 113, Eagles 0.

It was the McHenry coach's birthday; he was given a good present by his team.

Appoint Mark Benno New Antioch Editor

Charles Johnston, managing editor of Lakeland Newspapers, announced the appointment of Mark Benno as the local editor for the Antioch News-Reporter and the Grayslake Times effective Monday.

Benno is a graduate of the University of Illinois-Circle Campus majoring in English. He has served as an editorial assistant with the newspaper since Sept. 10.

"I am very pleased to have Mark join our editorial staff," Johnston said. "He has an outstanding writing style and his instincts for news are excellent. He will be a strong asset to the company."

Benno said that he has enjoyed his first few weeks on staff and is pleased that he was able to meet many of the people he will be dealing with before taking over full time.

"I am very excited to join the staff," Benno said. "Both Antioch and Grayslake are exciting towns that are in a period of growth. This is an exciting time to be covering these areas."

Publisher William H. Schroeder commented that, "Mark is coming on board just as we are undergoing a reorganization of our staff. I am certain he will play an important part in strengthening our group of newspapers."

Mark Benno

Inform Students

(Continued from Page 1A)

developed the concept, similar to the one used by the Waukegan Fire Department, supervised the construction, and prepared all related paperwork for the project.

As Quedenfeld said, third, fourth, and fifth graders are at the perfect age to be impressed by the program. Kindergarten through second grade students, and sixth through eighth grade students saw films and received a tour of the fire station.

This is the first year that the fire department sponsored the house of hazards, but Quedenfeld said that the program will be held once again next year. He also plans to add more rooms to the model house. Both

students and teachers gave the house of hazards an excellent review, and this use of realistic settings to display ordinary hazards should make the children more aware of the dangers in their own homes.

Tod Mapelthorpe, Chief of the Antioch Fire Department, expressed his appreciation to the members of the Fire Prevention Bureau, superintendents, principals, and teachers of Antioch for their full support of Fire Prevention week activities. He also thanked the Antioch Rotary Club for their smoke detector program. 90 percent of Antioch homes have a smoke detector; Chief Mapelthorpe said "Let's try for 100 percent."

Negotiates Package

(Continued from Page 1A)

that an outside mediator will decide whether Allendale teachers will be able to attend Antioch teachers' meetings.

Dick Olsen, chief negotiator for the teachers, said that, "It is unfair labor practice to deny them the right to meet with us." Since Allendale teachers, whether they are union members or not, are part of Olsen's negotiating responsibilities, he wants to see them at the meetings.

ACHS President Robert Linblad offered to pay lay people to supervise the Allendale students for a half hour while the teachers attended the meetings. Olsen, however, thought it difficult to hire people to work for only a half hour once a week.

As Olsen said, if one of the Allendale teachers had a grievance in court, the Antioch teachers would be forced to provide legal representation. He wants compensation for the services the teacher's union provides.

Cafeteria supervision is another hot topic between teachers and the board. Olsen said that "We were offered cafeteria supervision within a package that was unacceptable." He continued, "If somebody offered you a trip to Hawaii, and all you had to do was jump off the Empire State Building to get it, would you take it?"

Linblad, however, claimed that the board offered thousands of dollars to hire lay people to relieve teachers from cafeteria duty.

There appears to be a misunderstanding between teachers and the board on the issue of class size. Olsen and DeRouse claim that they simply wanted a letter sent to parents

expressing concern about the size of classes at ACHS. Linblad said that it was impossible to limit class sizes, since the situation would change from year to year.

Olsen said that, "Parents need to know that class sizes are a very real concern of ours."

In a demonstration of solidarity, the students at ACHS walked out of class into the parking lot on Thursday, Oct. 9. School officials asked the students if they would be reasonable and orderly. They responded positively, and were asked to move into the school's auditorium where their questions would be fielded by both teachers and administration representatives.

The question and answer session lasted two hours, with over 500 students in attendance. DeRouse said that a situation like that could only happen in a school as well-run as ACHS.

"It was beautiful," said DeRouse, referring to the auditorium meeting. He said that the students asked insightful and meaningful questions, and that when a student or official was talking, you could have "heard a pin drop."

It was symbolic of the school's class act that DeRouse spoke in the auditorium for the teachers and Steve Wapon, DeRouse's close friend and boss on the football field, spoke for the board. DeRouse feels that this signifies that fact that, "We've got a good school, and that's why we want to negotiate." In spite of the awkward position which the present situation has instituted at ACHS, DeRouse believes that it is a strong enough organization to avoid personal attacks.

Extend Grant Deadline

Due to the emergency condition that exists throughout Lake County, the Lake County Community Development Commission (CDC), in cooperation with the Lake County Dept. of Planning, Zoning and Environmental Quality, has extended the deadline for submittal of Community Development Block Grant (CDBG) Applications to Nov. 3 at 5 p.m.

This change of policy is in recognition of the severe problems that many communities are facing because of bad weather, flooding, and on-going cleanup efforts.

The CDBG program contains approximately \$1.9 million that is available for countywide competitive distribution. The program is designed to fund projects that assist low or moderate income families as defined by census information. The emphasis of the program, as defined by the CDC, is the improvement of the county's housing and infrastructure to bring about a safe and healthy human environment.

Any communities or organizations that are interested in applying for Community Development Block Grant funding are encouraged to immediately contact the Lake County Dept. of Planning, Community Development Division, at (312)36-6350.

No Signs On Poles

Now that the 1986 election campaign is in full swing, Commonwealth Edison makes the following appeal to all candidates and their supporters, regardless of party: Please don't tack posters, notices or the like on utility poles. The same plea is addressed to people who want to promote garage sales or reach the public for any other reason.

Anything tacked on utility poles can cause trouble for the line crews. Too often, utility workers suffer cuts and gashes from encounters with nails and tacks used to affix the posters. The hardware lurks, awaiting a chance encounter with an unsuspecting lineman's hands or legs on a dark, stormy night when he is restoring power to an area that has had service interrupted.

Although utility crew members carefully inspect each pole before climbing, it's easy to miss a nail or tack in the dark of night. Climbing spikes need the soft wood of a utility pole to be effective, but nails and tacks defeat them, often causing the wearer to slip and injure himself. This can delay the restoration of service.

So please, Mr. and Mrs. Campaign Worker, do your best to get out the vote, but don't tack anything on a utility pole.

Dear Mom,
Now that I'm in the 3rd grade what are you going to do with all your free time? Russell's mom goes to work every fall. She's a Manpower office temporary. She told Russel it is fulfilling and pays a lot. And then she told Russel after all summer with Russel, going back to work was a real joy. I know what she means.
Love,
Nathan

THIS WEEK'S HOROSCOPE

Aries (Mar. 21-Apr. 19) Expect to be very busy in the near future as business activities increase. Making sheep's eyes at someone special wins a special response in return.

Taurus (Apr. 20-May 20) Your kindness earns you an awful of important information from someone who wants to be a friend. Be your usual generous self in your response.

Gemini (May 21-June 20) A previous agreement may need reexamination. An important factor that could affect future financial matters may have been left out.

Cancer (June 21-Jul 20) Legal agreements need more scrutiny; those most likely to require special reexamination concern real estate ventures. Get help of experts.

Leo (Jul 21-Aug. 22) Too many skeptics doubt your ability to expand your operations. Don't waste energy trying to convert them.

Virgo (Aug. 23-Sept. 22) A collaboration not only continues to work well, but the first instances of success are soon made evident. That last trip continues to pay off.

Libra (Sept. 23-Oct. 22) A wonderful experience is made even more so when you find someone with whom to share it. Expect to have your travel plans changed in nice ways.

Scorpio (Oct. 23-Nov. 21) Although caution is still the best advice in financial ventures, you can begin to consider new investments. Consult a trusted adviser.

Sagittarius (Nov. 22-Dec. 21) A sudden reversal of policy puts your business plans on hold for a while. You might consider investigating other companies if you don't get a full explanation from this one.

Capricorn (Dec. 22-Jan. 19) Fresh air is good for the lungs. You also need help for the intellect. Open your mind and let fresh ideas come in.

Aquarius (Jan. 20-Feb. 18) A political power play at work threatens to overwhelm your best efforts to make needed changes in your situation.

Pisces (Feb. 19-Mar. 20) A casual flirtation soon develops into something more significant. Be ready to make some adjustments in your life.

We are operating business as usual from our Mundelein office and our temporary location in the lower level of First Midwest Bank/Lakehurst.

Business as usual means we have openings for office, light industrial, health care and other workers. If you're looking for work call us.

Business as usual also means we respond to customer needs for temporary assistance by selecting, testing, training and assigning qualified employees. If you have more work than workers, call us.

Tighten Bail Bond

by STEVE PETERSON
Illinois voters will have an opportunity Nov. 4 to give law enforcement officials a new weapon in their battle against crime.

One of the amendments on the Illinois ballot would give judges the option to deny bail in more cases than the law presently allows. After due process has taken place, career offenders or those determined to be a threat to society would be denied the opportunity to be out on bail.

"Judges should have the power to keep off the streets those who would use their pre-trial freedom to go out and commit more crimes. The president has said it is a call to arms to wipe out the scourge of narcotics from our businesses, schools and communities," Gov. James Thompson said at a Waukegan press conference.

Thompson said, "we must use every weapon at our disposal in Illinois."

Thompson said the program has yet to have a specific budget cost tagged to it, but said lives would be saved with the program. Lake County Sheriff Robert "Mickey" Babcox said two lives could have been saved if the stiffer bail bond regulations were in affect.

State Sen. David Barkhausen (R-30) said he feels confident about the amendment's chances next month.

"People have continually expressed wonderment that those who committed crimes are released on bond. The amendment would provide a much broader area in which judges may deny bail. I feel confident that the voters will take action in making this amendment law," Barkhausen said.

Bernard Carey, the Republican's candidate for Illinois Attny. Gen., said while state's attorney for Cook County it was not unusual for attorneys to get defendants out on bail so they could commit more crimes to pay lawyer's fees.

Lake County State's Attny. Fred Foreman started the day by participating in the announcement that 23 people were being arrested for selling drugs to Navy personnel at Great Lakes Navy Training Base. Later that afternoon, they were released on bond.

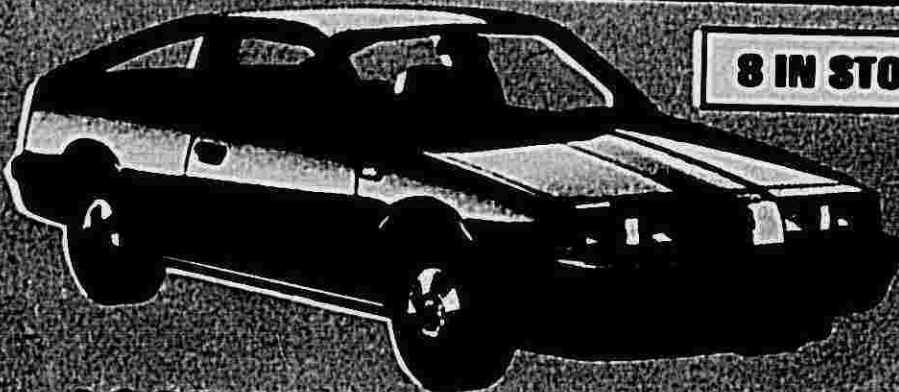

"In Lake County, preliminary hearings are held quickly. We have to show the judge proof that the defendant committed the crime. We may only detain them from three to seven days," Foreman said.

Foreman said the amendment to the Illinois Criminal Code does not go against the U. S. Constitution's provision of innocence until proven guilty.

"The constitution is not just for defendants. It is also for the protection of people who abide by the laws," Foreman said.
